MARCH 2023

ISSUE 414 (VOL. XXXIII #3)

SOMETHING EPIC #1

Image Comics

Outside our perception, creative thought takes physical form, with only a handful of individuals known as "Epics" able to interact with this hidden world. But for fourteen-year-old Danny Dillon, accepting these responsibilities himself won't be easy — or safe. Lose yourself in a world where superheroes, monsters, magical creatures, and cartoon characters live and breathe alongside us in *Something Epic*, from fan-favorite artist Szymon (*Spawn*, *Punisher*) Kudrafski!

GHOSTLORE #1

BOOM! Studios

After a deadly accident of which they were the only survivors, Lucas and Harmony Agate can see the dead — an *overwhelming* amount of the dead — each with their own warnings, cries for help, and malevolence alike. But Lucas and Harmony aren't the only ones with this ability; there are other nearly-deads, some of which have malicious motivations. Cullen Bunn is joined by superstar artist Leomacs and guest artist Brian Hurtt (*The Sixth Gun*) — the first in a haunting lineup of artists featured in each issue!

2 ■ **PREVIEWS**

132

LONESOME HUNTERS: THE WOLF CHILD #1

Dark Horse Comics

Harrow County co-creator Tyler Crook brings us *Lonesome Hunters: The Wolf Child*, in which Monster hunters Howard and Lupe (on their way to get rid of a powerful sword) have car trouble, breaking down in a small town being terrorized by a magical wolf and a mysterious child in a wolf mask. As they wait for repairs, Lupe befriends the child and they are drawn into the war between the townspeople and the deadly beasts!

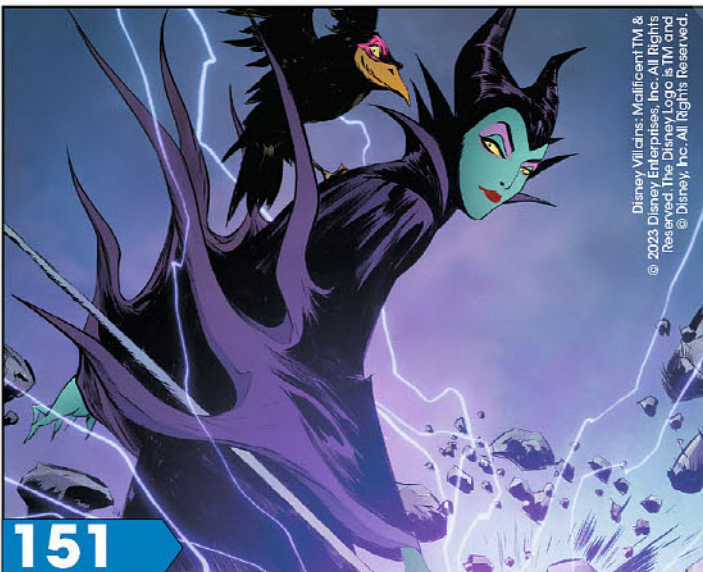

MP-02

THE AVENGERS #1

Marvel Comics

ASSEMBLE! The Star. The Icon. The Witch. The Construct. The God. The Engineer. The King.

The world is ever in peril, and a new team of *Avengers* mobilizes to meet any dangers that dare threaten the planet. But when **TERMINUS** attacks, a new and insidious danger rears its head: one that the *Avengers* know all too well, and one that comes to them in the most dangerous of guises – that of a friend.

151

DISNEY VILLAINS: MALEFICENT #1

Dynamite Entertainment

Disney and Dynamite proudly present *Maleficent*, Queen of the Forbidden Mountain! Her soul is cold, hardened by a lifetime of small-minded wanderers seeking to steal her powers to satisfy their mortal greed. Her patience wears thin. Her mystical might grows. It is a matter only of time before she descends the mountain and unleashes her horrible magics upon the powerless people below. A stunning vision of villainy from writer and artist Soo Lee!

MARCH COMES IN LIKE A LIONESS...

As timing would have it, today as I write this Editor's Note for March 2023, I recall that today, February 1st, is the 41st anniversary of the launch of Diamond Comic Distributors, Inc., **PREVIEWS'** parent company and reason for being. Back in 1982, 41 years ago, Steve Geppi, a Baltimore postman with a love for vintage comic books, turned that hobby into one of America's most successful distributorships of comics, toys and pop culture merchandise the world over.

All these years later, he still oversees an entertainment empire that covers many facets of the pop culture market, from comics distribution, games distribution, publishing, archival supplies, auctions and sales, and grading. And **PREVIEWS** has been a big part of Steve's personal and historic journey, month in and month out, and we're ready for many more years to be sure!

This month, throughout this issue, we celebrate this month's **PREVIEWS** theme, "Women in Comics," celebrating the unequalled contributions that women have brought to the comics field. Women today make up a much greater percentage of the creative talents working in the comics industry, and whether it be editing, writing, drawing, painting, lettering, marketing... women are now a major power within the comics industry, and I'd say we're better off because of it. To help you dive into what's available, we've selected some choice titles starting on page 250 of this issue, and also throughout the issue marked with our "Women in Comics" icon, to show you related titles.

In addition, our *Indie Edge* interview profiles prolific cartoonist and writer Phil Foglio, who's known by fans in the *Dungeons & Dragon*/Gaming communities, in comics circles for his SF series, *Buck Godot*, and to the Goth/Steampunk communities for his popular

Girl Genius series of graphic novels and novelizations starring the darling of the steampunk set, Agatha Heterodyne! Read all about Phil Foglio — his past, his present, and future — on page 10 of this issue!

And don't forget, we're but a couple of months (and a few days!) from 2023's most anticipated event of the year: **FREE COMIC BOOK DAY!** Saturday, May, the 6th is right around the corner. If you haven't checked out this year's offerings, then do check out the FCBD listings beginning on page 31, as we have added back in the descriptions for all of the **SILVER** level books, giving you more background info to make your choices! We're expecting a very robust and enthusiastic response from fandom this year, and you know you don't want to miss out on any of the titles being offered this year! So, make your list and get ready to fill that list on **FREE COMIC BOOK DAY!**

As always, thanks for joining us here each month for another jam-packed issue of **PREVIEWS**. Whether it's your First or your Four-Hundredth, I just wanna say thanks for being there for us each month! Until next month, thanks, and may all your comic hunts be bountiful (and cheap)!

Report: ComicConnect Sells Action Comics #1 Rocket Copy for Record \$3.55M

ComicConnect President Vincent Zurzolo has reported the sale of the famous *Action Comics* #1 CGC 6.0 Rocket Copy for \$3.55 million. This sale set a new record for the book that introduced Superman and is considered the pinnacle of comic book collecting.

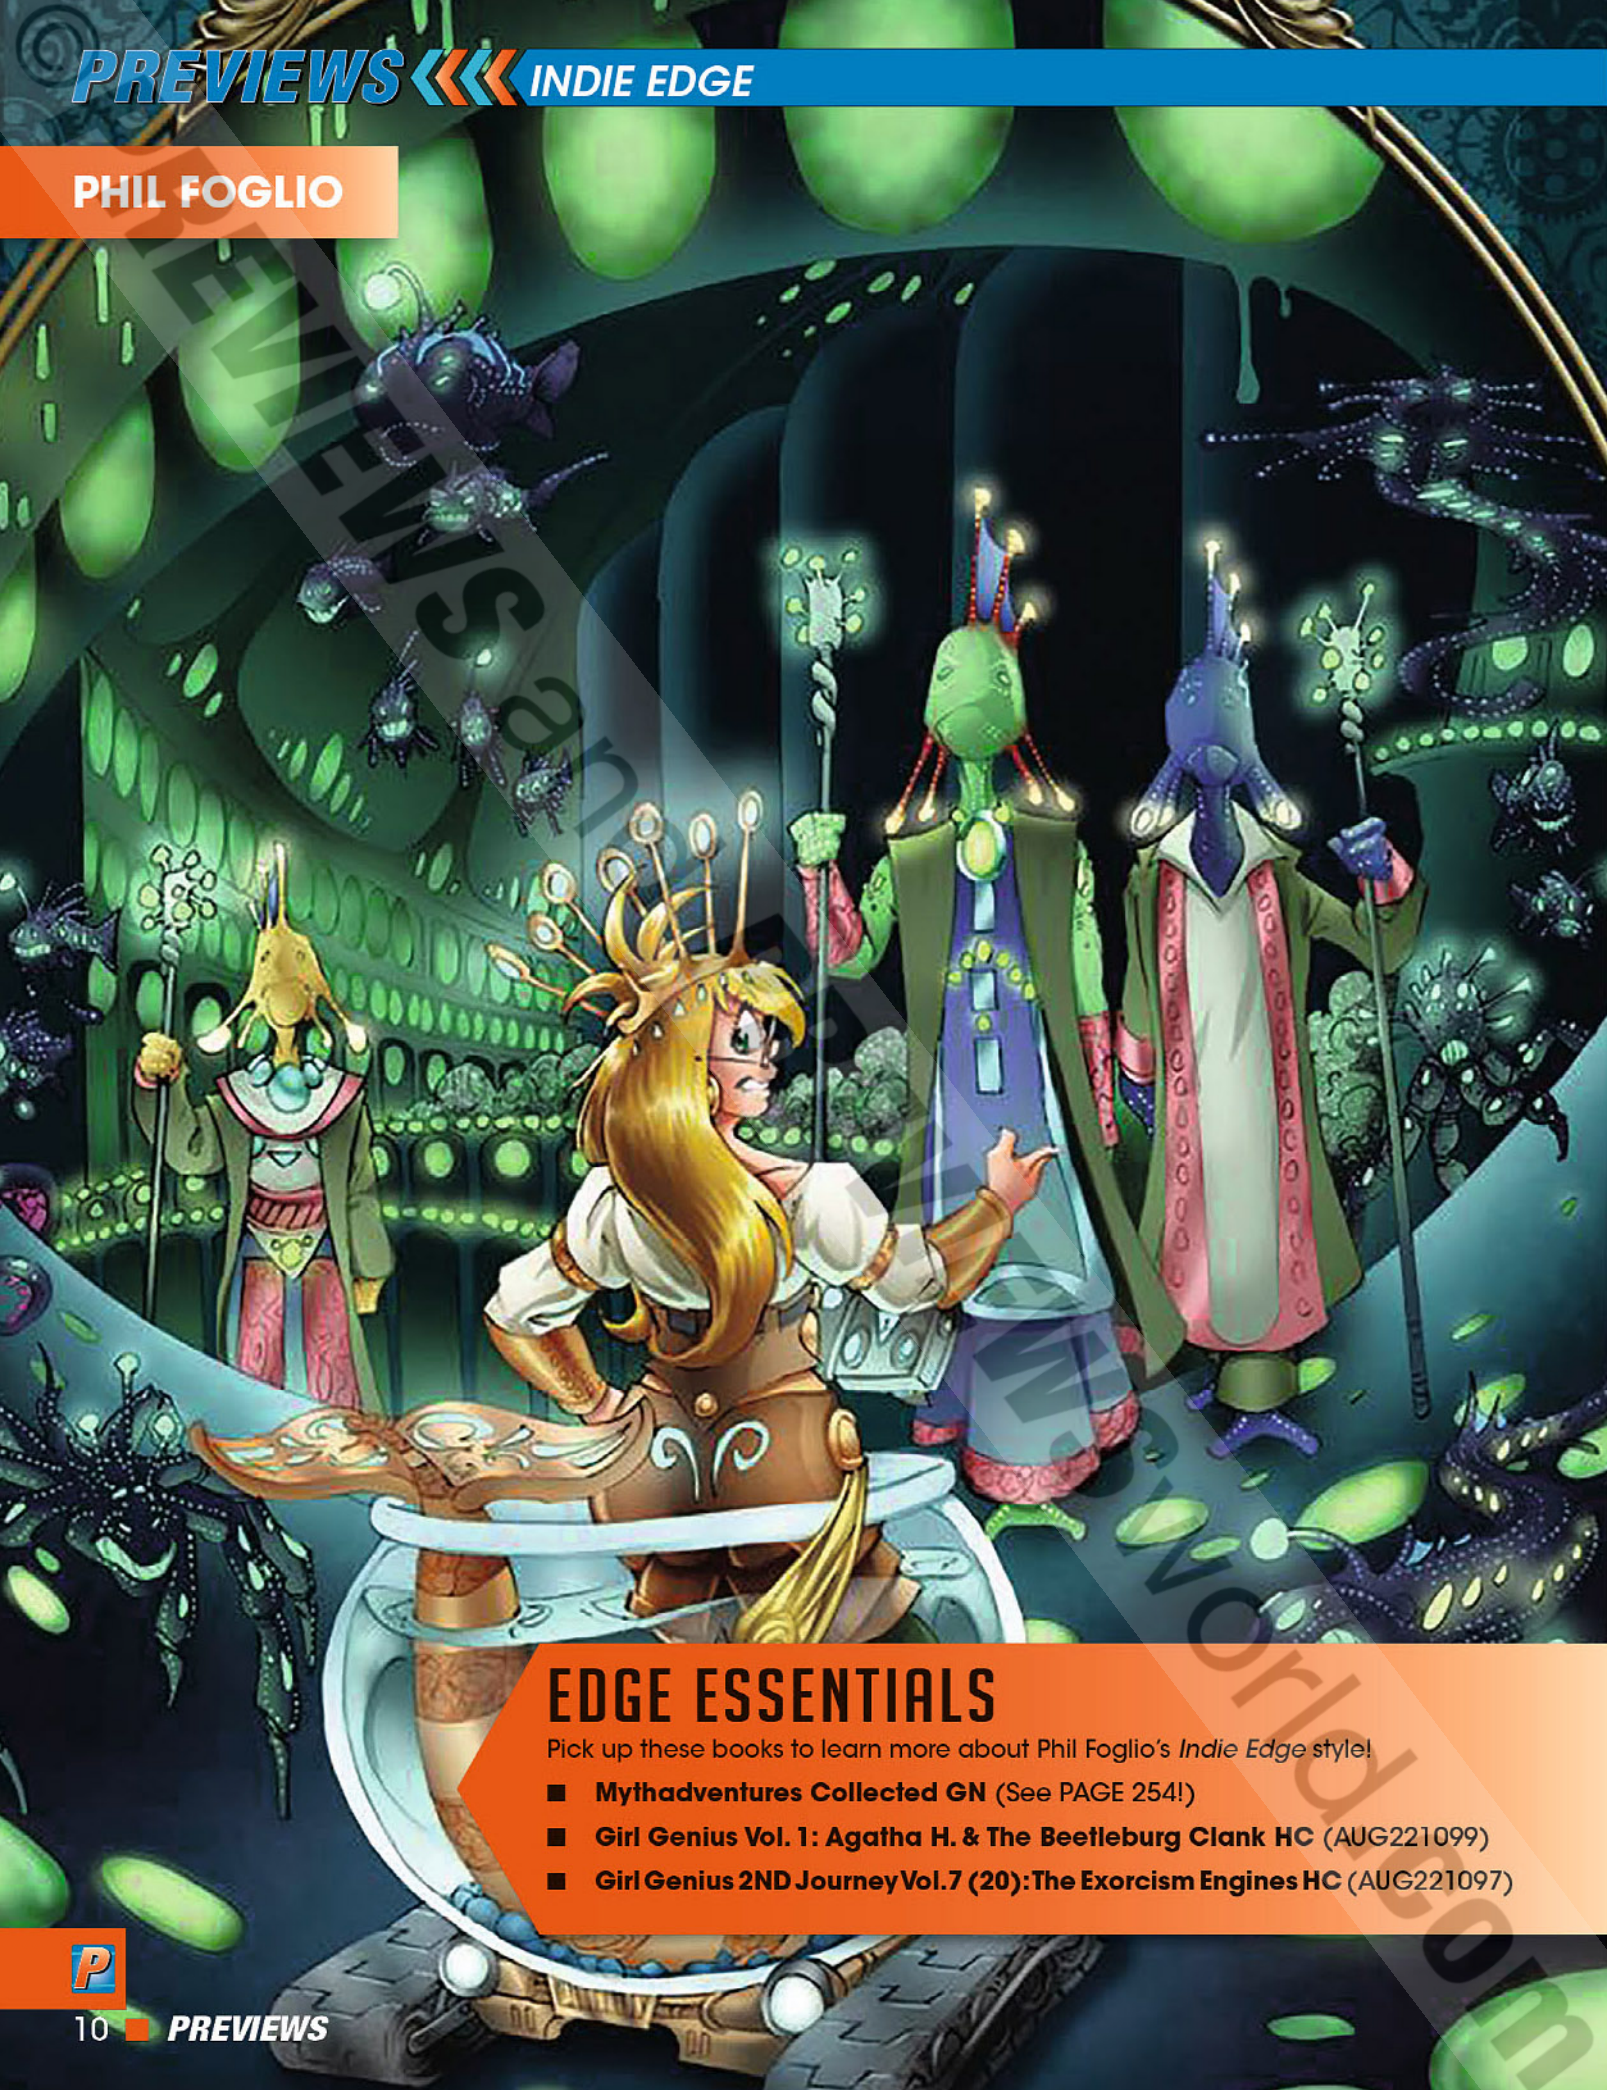

This copy of the comic is recognizable for having a red rocket ship stamped on the cover, which was put there by its original owner in 1938. This is the third time the Rocket Copy has been sold in the past year, and each time the price keeps climbing. First, Heritage sold it for \$3.1 million in their January 2022 auction, then Goldin Auctions and Metropolis Comics brokered a sale of the book for \$3.4 million in September 2022.

Comics was the first home of *Buffy* comics, publishing the title from 1998 to 2018. The first series ran through 2004 while the show was on the air with non-canonical stories.

The comic relaunched in 2007 with *Season Eight*, a canonical maxiseries that picked up after the show ended in season seven. It was followed by *Season Nine* through *Season Twelve* with Buffy & Co. as post-Sunnydale adult monster hunters. BOOM! Studios acquired the rights to *Buffy* comics in 2018, sending the characters back to high school, making significant character changes, and telling "what if?" stories.

Please tell us a bit about yourself!

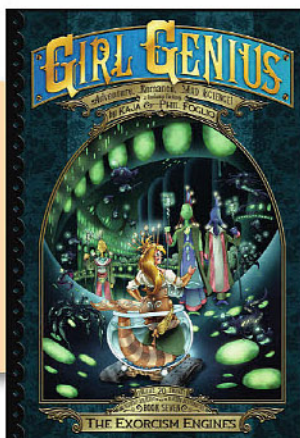

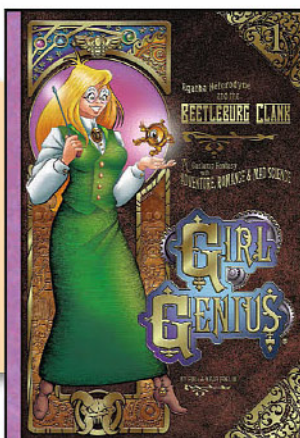

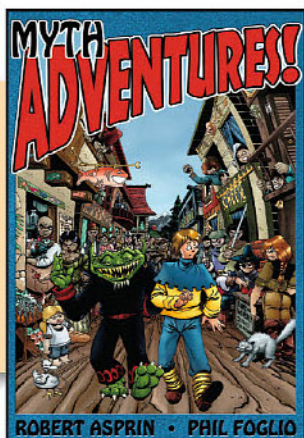

I've been active in comics since the early '80s. I've done work for TSR (*What's New?*) DC (*Stanley & His Monster*), and a slew of small independent companies that are no longer in existence (This is probably NOT my fault). *Mythadventures* was originally done for WARP Graphics. Starting in the '90s, I've primarily done independent self-publishing on titles like *XXXenophile*, and *Buck Godot: Zap-Gun for Hire* from Palliard Press. In 2000, my wife, Kaja, and I started *Girl Genius* through our company Airship Entertainment, which is a part of Studio Foglio.

What are your favorite projects you've contributed to over the past decade?

Girl Genius remains the big one, of course. I've done a lot of work for various game companies — Steve Jackson Games, Cheapass Games — and I recently did some more *Magic: The Gathering* cards for Wizards of the Coast. Recently, Steve Jackson released the long-in-development *Girl Genius GURPS* book!

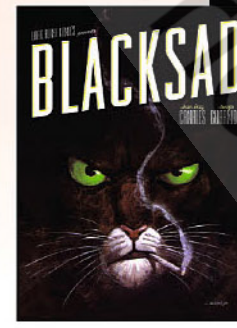

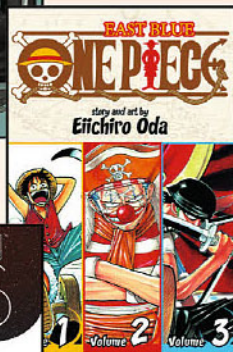

What are you currently working on?

We're currently doing a side story set in the *Girl Genius* universe involving Dragons and Librarians. People really seem to be enjoying that (www.girlgeniusonline.com). We're helping out with the *Girl Genius* video game coming out later this year from Rain Games, and Steve Jackson is releasing my art on the newest version of *Wiz-Wars*. We're finishing up the 5th *Girl Genius* novel (*City of Lightning*) and, as always, I've got a bunch of game-related stuff in the pipeline!

What fun titles are you reading?

VIZ's *Spy x Family* (Vol. 1 / APR202334) is the manga of choice around here, closely followed by *One Piece* (3-in-1 Vol. 1 / OCT091135), also from VIZ! I like Image Comics' *8 Billion Genies* (Vol. 1 DLX Ed. / NOV220121), the whole hilarious *Barbaric* series (*Murderable Offenses* Vol. 1 / AUG212157) from Vault Comics, and *Blacksad* (Vol. 1 / FEB228021) from Dark Horse... noir at its best!

USER'S GUIDE

There's a *lot* of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

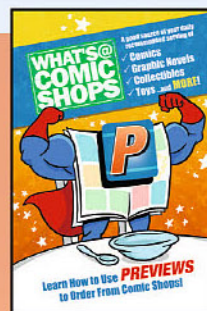

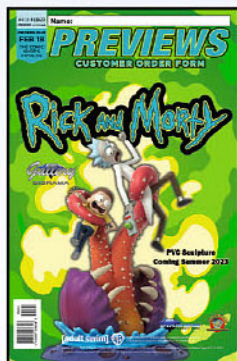

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

EXPERIENCE A FOURTEEN YEAR OLD BOY'S EPIC LIFE IN THE NEW IMAGE SERIES

Imagine that, for some people, the lines between dream and reality were blurred, that imagination could be made real and the real imaginary. For some, this would be a gift. For others, a curse. To will a dream into reality with only a thought would carry with it great responsibility. It would also be easy to take leave of the real world for the imagined world, one where everything was possible, where fact and fiction blended into one seamless whole. The few who have this power, the few who can master it, are known as Epics.

Szymon Kudranski, the artist of *Spawn*, explores the life of one such epic, a fourteen year-old boy named Danny, in his new fantasy series for Image Comics, *Something Epic*. For Danny, the only limitation on the world he inhabits is his imagination—past, present, future, fantasy realms and super-hero milieus all collide in Danny's world. Can Danny accept the awesome responsibility that comes from being the hero in the fantastic world he imagines for himself? And what will embracing his power as an Epic mean for him?

Discover Kudranski's remarkable new fantasy series, *Something Epic*, this May from Image Comics!

From her castle on Forbidden Mountain, Maleficent nurses a lifetime of slights and grudges, and her patience for the light and life in the kingdoms outside her realm grows thin. When at last she reaches her breaking point, what terrible evils and darkness will she unleash on the world? Discover Maleficent's story in Dynamite's new *Disney Villains* series!

CAN A DICTATOR BE TOPPLED IN ABLAZE'S ANIMAL CASTLE

The struggle for freedom against oppression continues in Ablaze's *Animal Castle* Volume 2 from Xavier Dorison and Felix Delep. Riffing on the ideas of George Orwell's *Animal Farm*, *Animal Castle* looks at dissent and rebellion in the face of tyranny and oppression through the eyes of animals. Drawn by Delep in a style reminiscent of classic animated films, *Animal Castle* Volume 2 is powerful, beautiful, and emotional, showing that even in the face of brutality and tyranny, hope endures in small acts of rebellion.

PREQUEL COMIC BASED ON THE BEST-SELLING HORROR GAME!

Dead by Daylight™- the smash-hit video game from development studio Behaviour Interactive-will be getting a spin-off comic this May. Published by Titan Comics, the series will explore the shocking back-story of one of the game's most notorious group of Killers, **The Legion**.

Want to know how frightened you should be for 2023's hottest horror comic? We spoke to *Dead by Daylight* writer, **Nadia Shammas**.

NADIA SHAMMAS DEAD BY DAYLIGHT

Hi Nadia! First off, we know you're a fan of the *Dead by Daylight* game. How did you feel when you were asked to write a spin-off comic for the hit horror game?

This is actually a funny story! The whole thing started as a cold call. *Dead by Daylight* was my first multiplayer game ever, and it quickly became the space I'd spend time with friends during the earliest and most isolating days of the pandemic. I feel like I learned HOW to play games with *DBD*, and about 500 hours in, I asked my agent (Charlie Olsen) if he could find out if anyone has the licence. We found out it was Titan Comics, and so I asked Charlie to reach out. They asked for two pitches, and upon sending them, I heard back that Behaviour and Titan picked the option I hoped they would: THE LEGION. To find out later that my artist and co-creator (Dillon Snook) had been in the same queer *DBD* gaming Discord I was in makes this even more special to me. The project seems fated!

This series is about the formation of *Dead by Daylight*'s menacing band of misfit Killers, The Legion. What draws you to these characters?

I love garbage teenagers. I was one myself! Greasy, heartbroken, and finding something in each other to find some meaning in a world that says they're inconsequential. I think there's something even more real, though, in the absolute thrill of finding a group of people who bring out the worst version of you. Members of The Legion appear interchangeably as one Killer in the game, but they're STILL individuals. How did they get there, from each of their perspectives? This series lets me explore how, and why.

Who has been your favorite member of The Legion to write so far?

This is a really tough one. It has to be a toss-up between Frank and Susie. I feel like they couldn't be more different in some ways, but in other ways, they carry the same hurt, and the same depth of feeling for Julie. Frank's dialogue is super fun to write, and Susie...she breaks my heart a little.

Your *Dead by Daylight* series is set in the 90s. How did you and artist Dylan Snook make sure that the comic felt authentic to the time period?

Between lots of *DARIA* rewatching, I've been doing a lot of research from historical websites and local museum sites in Alberta in the 1990s to give Ormond a very grounded feeling. I'm definitely pulling from 90s slashers, some *SCREAM*, *I KNOW WHAT YOU DID LAST SUMMER*, *GINGER SNAPS*, *CHERRY FALLS*, etc. In high school, I was pretty obsessed with grunge/riot grrl music myself, so I feel right at home honestly.

Finally, without spoiling anything, what can readers expect from *Dead by Daylight* #1 in May 2023?

Drama, slashing, BLOOD, iconic game locations and cameos, dirtbag teens, and eldritch tentacle horrors... it's going to be a good time.

Readers can unlock an exclusive in-game charm using the unique code found inside the comic!

A new supernatural ongoing series
for fans of *Killadelphia* and *Bone Orchard*:
Black Feathers!

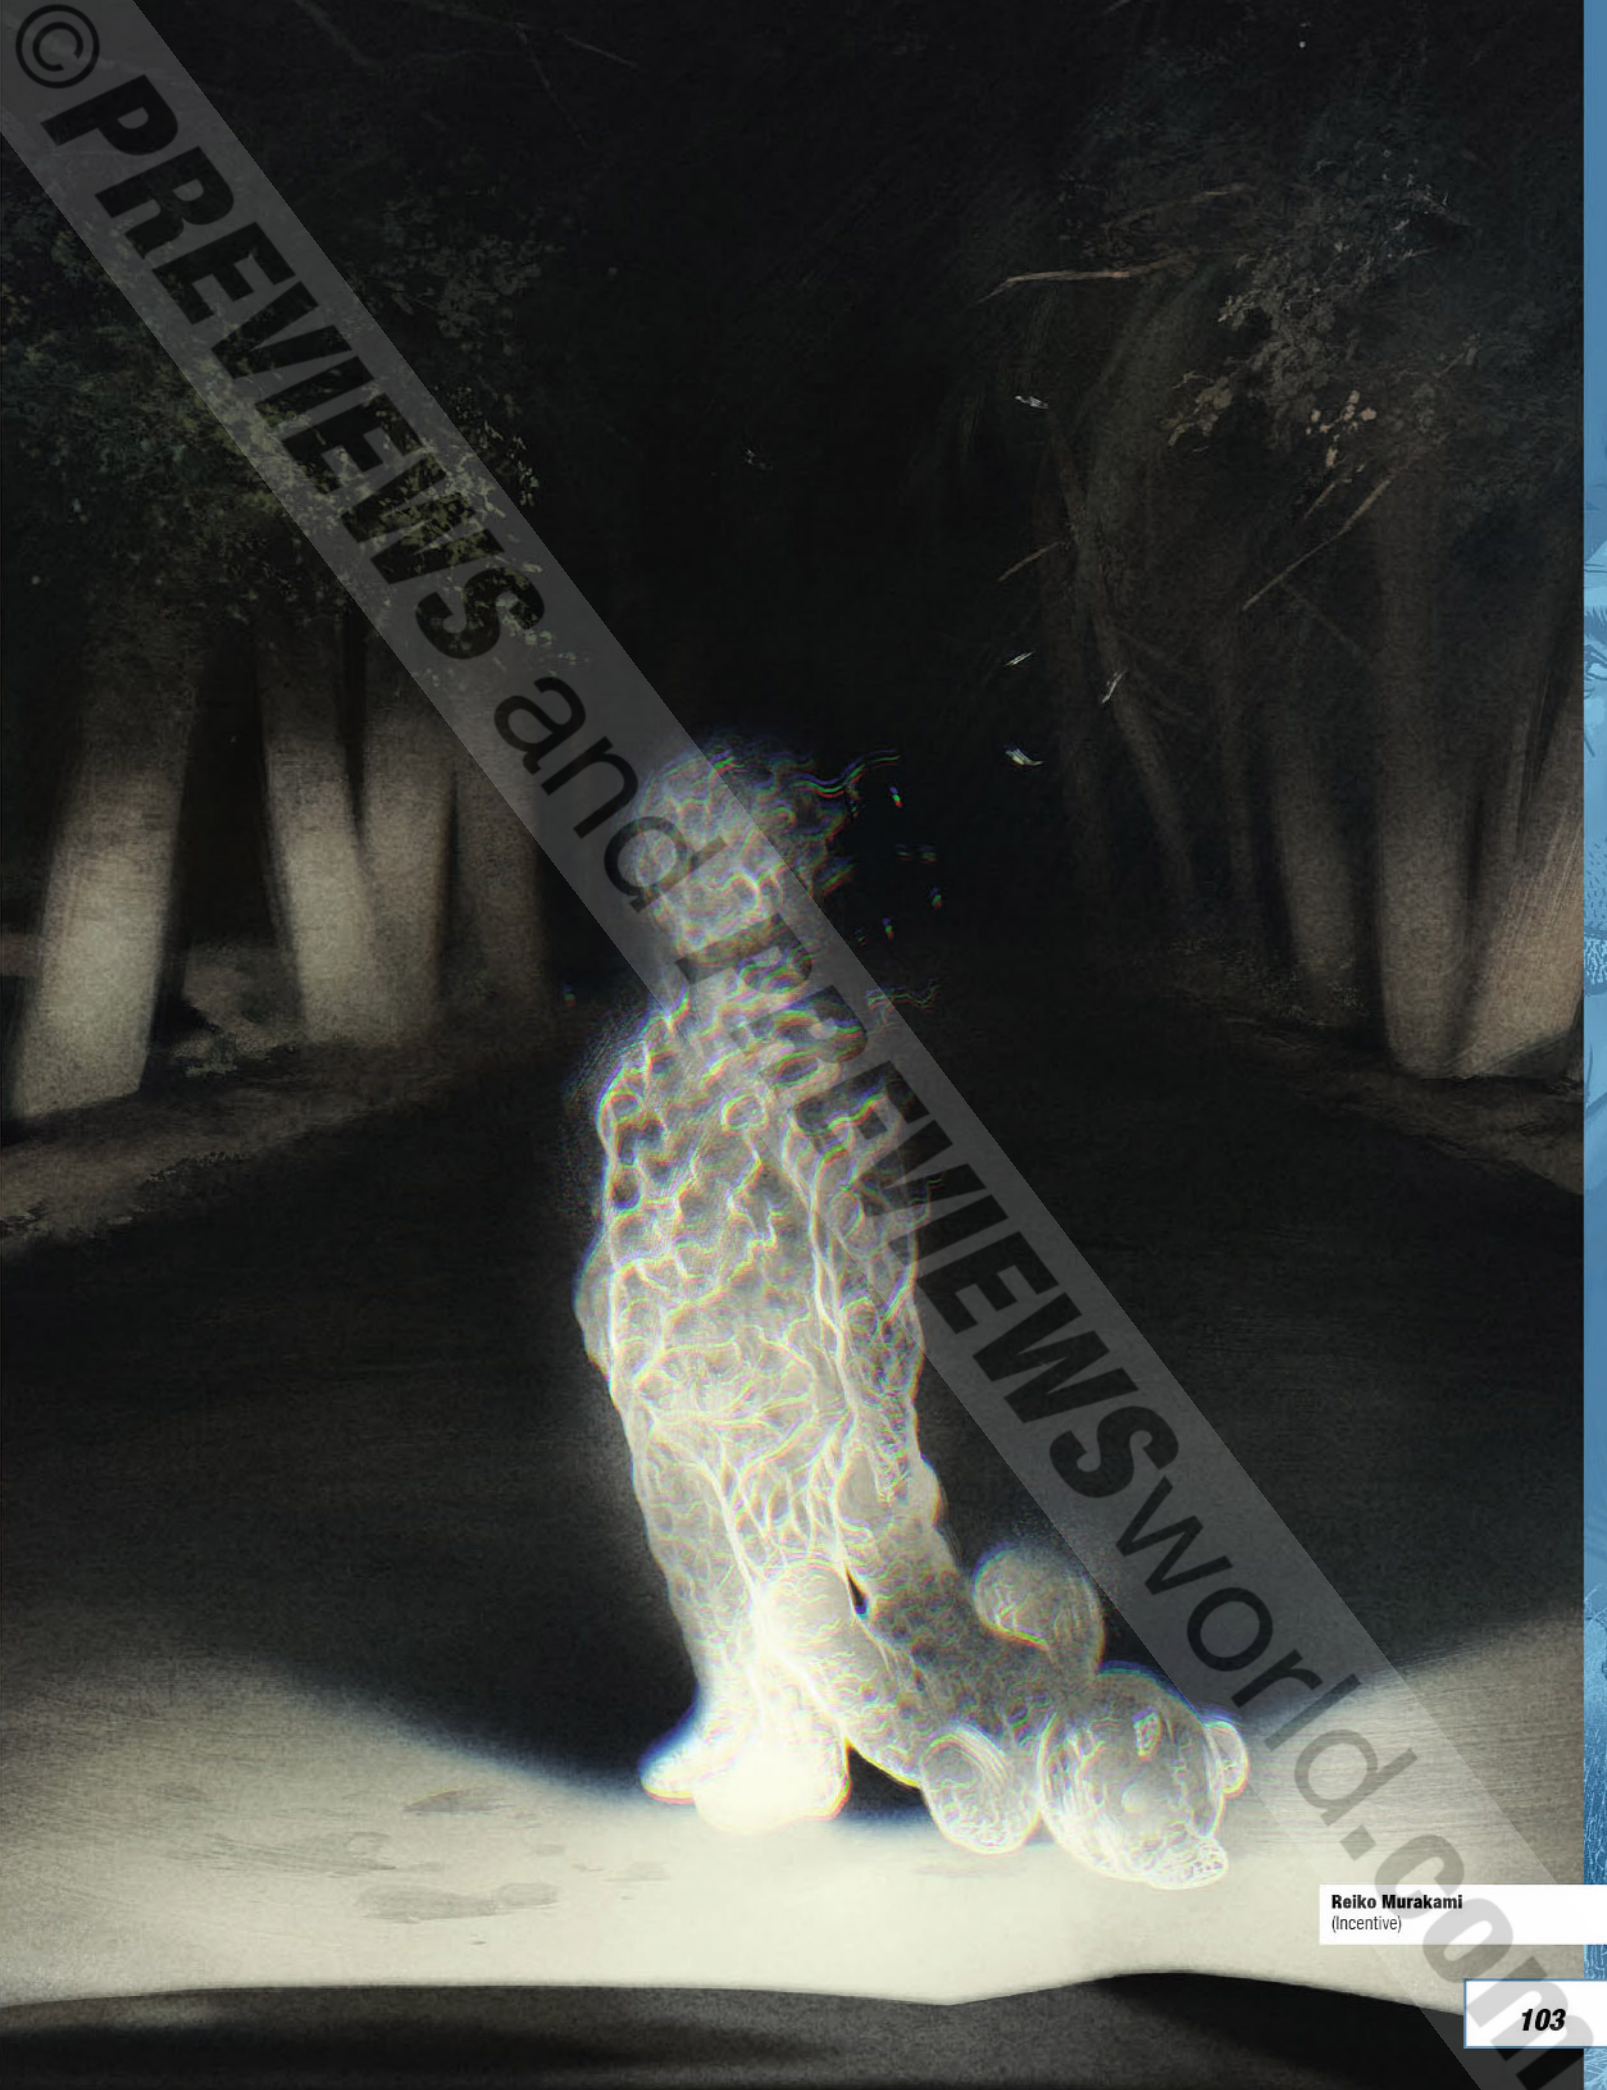

What ghost stories do ghosts tell, and what can they tell us about ourselves? An estranged daughter and her father wander a haunted land; they only have the restless spirits, each with its own story to tell, as company along the way.

After a deadly accident of which they were the only survivors, Lucas and Harmony Agate can see the dead—an overwhelming amount of the deceased, all with their own warnings, cries for help, and malevolence alike. But Lucas and Harmony aren't the only ones with this ability; there are other nearly-deads, some of which have malicious motivations...

Cullen Bunn of *Basilisk* and *The Empty Man* acclaim is joined by artists **LEOMACS** (*Basketful of Heads*) and guest artist **Brian Hurtt** (*The Sixth Gun*)—the first in a haunting lineup of artists featured in each issue—to bring readers the most eye-opening spectral story since *The Sixth Sense*! Post-Apocalyptic Fable Trilogy
For Fans of *Saga*!

On the surface, Hawkins seems like the kind of town where nothing bad could ever happen, but to Murray Baumen it is an absurdly quaint slice of '80s Americana: too "normal" of a place to typically catch his eye at a glance. But Murray has never accepted the surface level explanation. Never. The two missing kids, and rumors of meddling Russians, is enough for him to hit the pavement and dissect any clue he can find.

Disney and Dynamite proudly present Maleficent, Queen of the Forbidden Mountain! Her realm is shrouded in darkness, and evil, and full of all things that go bump in the night. Her soul is cold, hardened by a lifetime of small-minded wanderers seeking to steal her powers to satisfy their mortal greed. Her

patience wears thin. Her mystical might grows. It is a matter only of time before she descends the mountain and unleashes her horrible magics upon the powerless people below. A stunning vision of villainy from writer and artist Soo Lee!

THE MISTRESS OF EVIL INVADES THE COMICS PAGE WRITER/ARTIST SOO LEE EXPLAINS THE ROOTS OF MALEFICENT'S VILLAINY

Maleficent first appeared in the film *Sleeping Beauty* during Disney's Golden Age of animation. Princess Aurora is beloved as well, but in part due to the premise and just how striking Maleficent was, many could argue she stole the spotlight. Which is why she's also now had her own huge films starring Angelina Jolie. What was your first exposure and takeaway from the character?

I think Maleficent is kind of an icon as a character herself. She is stylish, beautiful in her way and very powerful. Even though she's a villain I really liked that she was a powerful woman. I mean, she transforms into a dragon! That's pretty cool.

Maleficent is definitely one of the crown jewels of the Disney Villains pantheon, perhaps the most iconic among them all. How are you approaching writing her character?

Disney wanted to stray from what already has been done with the movies and from the original story. So I had to think of a kind of life she would have had before everything we knew. She's a villain but our main character so I wanted to have her go through her own adventures.

Many know some of the origins of Maleficent, as well as her dynamic with *Sleeping Beauty*, but there are a lot of stones unturned in her saga. When does this story

take place in relation to those other legendary moments?

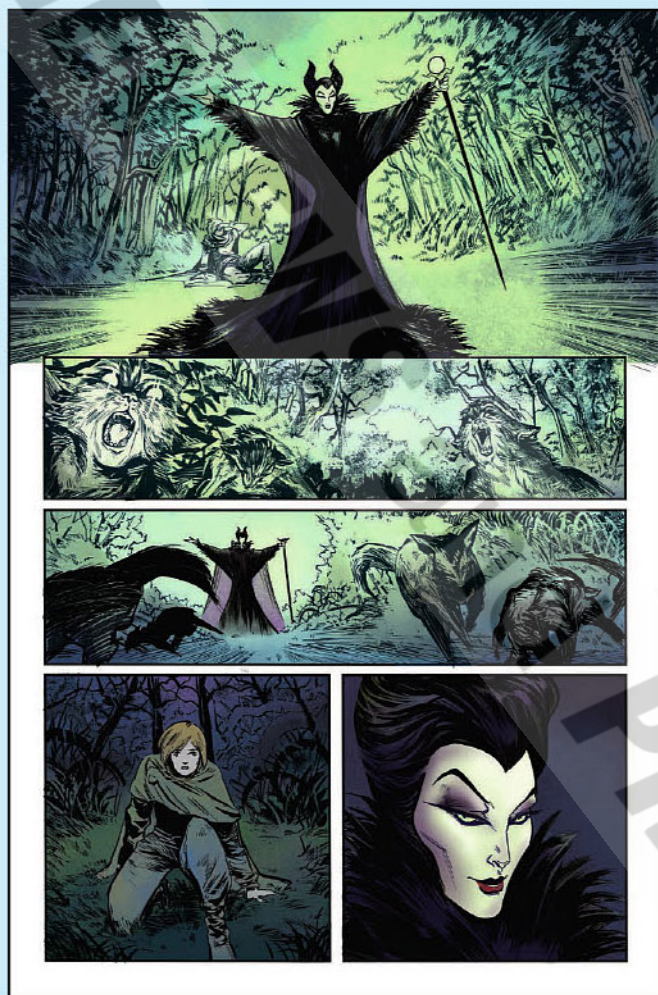

This is a fictional re-imagining, a sort of prequel to the *Sleeping Beauty* timeline. Sometime far before then. I'm establishing her as the main character of her life, before.

Not only are you crafting the story and writing Maleficent, but you're pulling double duty and drawing this series as well. How are you planning to go about the process as you work on it?

It's all a production line I follow in my head. It's writing first, then layouts, then the art. There's more in between but I'm breaking the process up in steps as I go, and Nate Cosby has been helping through the process as the editor.

Having fulfilled her role of savior in Vengeance, Vampirella is now posed to Strike in an all-new series arising from the post-apocalyptic ashes of Dynamite's Vengeance of Vampirella series!

It has been 15 years since the death of Mistress Nyx and the world is slowly recovering, but this isn't a world that we've ever seen before. This is a world where the natural, and the supernatural have merged to create a dangerous new place—A world very much in need of Vampirella.

Sepulcher City has become a kind of microcosm of the world, humanity and the myriad monster races living in—not too perfect—harmony. It is a dark place, a violent place, one where a balance must be kept so order will remain.

Vampirella works as a special agent for the Danse Macabre on the most complex, and potentially violent of cases. Sepulcher City is where she spends most of her time, but often she is called out of the city, out into the world to deal with similar situations.

What's scarier than Dracula? ALL THE DRACULAS! Vlad the Impaler is back, and he's raiding the Multiverse of Movies to build a monster army and conquer the world. And only one woman can stop him! Vampirella! But she's busy in her own books...so it's up to Elvira, the Mistress of the Dark, and bane of Vlad's existence, to stop his evil plan! It's monster movie madness horror from writer David Avallone (Elvira in Horrorland, Bettie Page: Unbound) and artist Kewber Baal (Vampirella, Red Rising, Red Sonja).

Elvira, Mistress of the Dark: When you hear the name Elvira only one person comes to mind: Horror icon and quintessential symbol of all things spooky, the one and only Mistress of the Dark.

Back in 1981, who could have imagined the hostess of a local horror movie show would become a household name? Elvira was the first horror host ever to be syndicated nationally and has emerged as one of today's most original and

outrageous pop culture icons.

Elvira's reign as "Queen of Halloween" has spanned more than three decades and includes an IMAX movie, music CDs, books and more than a thousand licensed products. She co-wrote and starred in the feature films Elvira, Mistress of the Dark and Elvira's Haunted Hills.

She has made hundreds of film, television and live appearances — including the Grammy Awards, Saturday Night Live, NBC's Today Show, the Tournament of Roses Parade and reality shows Search for the Next Elvira, RuPaul's Drag Race, Counting Cars, Face Off, Epic Ink and Halloween Wars.

She most recently produced and starred in Thirteen Nights of Elvira for Hulu. Played by actress/writer Cassandra Peterson, Elvira has carved out a niche in popular culture that is sure to endure for decades to come.

ELVIRA'S MOVIE MULTIVERSE ADVENTURES CONTINUE!

DAVID AVALLONE INTRODUCES THE MONSTERS!

David, you may well now be the ultimate Elvira chronicler across media, beyond the Mistress of the Dark herself of course! What does it mean to continue to channel her (nearly) inimitable persona?

It's the best compliment I get about these comics: people telling me that my Elvira sounds exactly like the real one, the one they know so well. Most of the credit for that goes to Cassandra Peterson. She created a character so absolutely indelible that it's not hard (pun not intended) to channel that voice. In any given situation, you can imagine what Elvira would say or do. The trick to it is coming up with situations that give her the opportunity to do her thing in the best possible way. And of course, Cassandra reads all the scripts and makes suggestions for tweaks. That said, she has been very kind and supportive of my writing.

Our last Elvira series had her in "Horrorland" hopping between realities that mirrored everyone's favorite beloved horror flicks of the past. This new series is still tapping into that Multiverse of Movies concept, right? Now with the subtitle of "Monsterland," how is the idea shifting here?

In the last series, Elvira was bopping around the Multiverse of Movies with no real plan other than a desire to get home... complicated by her desire to interfere in the stories of horror movies. In *Monsterland*... her longtime archenemy Vlad the Impaler is the one travelling through the Multiverse, with a nefarious plan... and the Mistress of the Dark is tasked with finding out what he's up to and stopping him. She gets the

assignment from the Novazone Express, a parody of the Nova Police from William Burroughs' *Nova Express*. Because comics need more Burroughs references, I guess. More William to go with the Edgar Rice.

The one and only Dracula, often going more by Vlad the Impaler here, is back again! Fans who have been following yours and Dynamite's Elvira stories from the beginning in 2018 should be excited to have him popping up! What is his evil plan?

I don't want to give away Vlad's plan (spoilers!) but I think smart readers may figure out what he's up to. And how – just like in the very first Dynamite Elvira comics – Vlad isn't necessarily the "brains" of the operation. Who has set him loose to plunder the Multiverse of Movies? What are they after? Stay tuned!

Whether you writing them, or seeing artist Kewber Baal bring them to the page, which monsters are you most excited for fans to meet?

A word about Kewber Baal: he filled in for Julius Ohta on issue seven of *Bettie Page: Unbound* and did a really amazing job with a lot of crazy imagery. I was looking forward to working with him again someday, and this is a perfect project for it. I want to keep some of our future plans for the series under wraps (at least until they show up in PREVIEW!) but the first issue features an amazing variety of vampires (as promised on the terrific covers.) It's called "It's a Vlad, Vlad, Vlad, Vlad World" (and thanks to Richard Fairgray for that amazing title.) The second issue is titled "Frankie Goes to Hollywood," and will feature some variations of Mary Shelley's most famous creation. From there? Be prepared to see some wolfmen, a mummy or two... but we'll see...

Without spoiling what we're all cooking for this book, do you think you have a bunch more awesome Elvira yarns left to tell still?

It's a funny thing: when I was offered this job originally, I really didn't know what I was going to do with the character. Then artist Dave Acosta, who did the first series with me, reminded me that it was a comedy, and to lean hard into that. Elvira always works as the outsider commenting on the craziness of horror films, so there's really no end in sight. There will always be more fright flicks, and Elvira will always be there to laugh with them, at them... and in this case, in them.

With this deluxe volume, fans can turn back the clock to 1993. Bill Clinton was president, Jurassic Park ruled the box office, and just like today, Elvira was her legendary horror host self.

In these beloved adventures Elvira must contend with teen werewolves, killer clowns, aliens, a high school reunion, pro wrestling, and more! Plus, special Halloween, Christmas, and Easter stories.

The book covers 26 issues, rounding out to a massive 600-page tome and Dynamite is sneaking in extra bonuses amounting to .666 of an issue. That's right gals and ghouls, 26.666 comics in one massive book! Spooky!

A bountiful bevy of talented creators contributed to these adventures. Known for his love of the macabre and the flirty, Paul Dini of Batman fame lent his hand. While this first volume also compiles all of the plentiful pages written by Kurt Busiek (Avengers, Astro City). Claypool head honcho Richard Howell (Vision & the Scarlet Witch) and Frank Strom also contributed writing. While on the art side, Tom Simonton is beloved by Elvira fans for his early contributions to the series, as well as John Heebink. X-Men fans will thrill to the lines of Dave Cockrum on stories, and Dynamite's Vampirella fans will love to see Louis LaChance. Other stars inside include Dan Spiggle, Fred Hembeck, and Neil Vokes.

PATHFINDER RETURNS WITH NEW ADVENTURES BY WRITER FRED VAN LENTE

Fred, how were you introduced to the world of tabletop RPGs, and particularly the mythos and game of Pathfinder?

Like a lot of Gen-Xers I got the classic “red box” Basic D&D set with the Erol Otus cover... I am going to guess for Christmas? I was about twelve. I fell in love with role-playing games ever since. I’ve played oh, let’s see here, Call of Cthulhu, Cyberpunk 2013, Shadowrun, Tales from the Loop, Mork Borg, Traveller, Mothership, Fiasco, all the TSR classics (Top Secret, Marvel Super Heroes, Metamorphosis Alpha) and now I’m really into the Modiphius 2d20 stuff, like John Carter of Mars and Fallout.

In fact, my first published book was a Call

of Cthulhu supplement, Secrets of New Orleans, back in 1997.

My friend Alex Cox, who was a retailer here in Brooklyn at the time, hooked me on Pathfinder. He brought me into his group of college buddies who had been playing it from jump. I loved it. I ran a Sea Elf Druid named Rhys. Unfortunately, I haven’t been in a regular Pathfinder group since Alex moved to Portland and now he works for Image. Come back, Alex, come back!

Any good sword & sorcery RPG quest involves a colorful party of adventurers, or in the case of Pathfinder, called Iconics. Who can fans look forward to hanging out with across their perilous journeys through this series?

So, Wake the Dead is pretty exciting because, as fans who read my on-line fiction on the Paizo site know, the usual group of Iconics--Seoni and friends--are currently

off on their own adventure on Arcadia, so in this series we pick up with a mostly all-new group of Iconics, though that's not to say they're totally unfamiliar to Pathfinder comics readers. Quinn the Investigator, Sajan the monk, Lem the bard, and Seelah the champion have all appeared in various one-shots over the years, but here they're coming together for the first time as a party. That was one of the most fun parts of writing this series, to take on a group of travelling companions meeting each other for the first time.

Oh, and I say "mostly" new because Harsk, the dwarf ranger from the original series, has also arrived.

The world of Pathfinder is full of so many inspired locales, wildlife, and vibrant foes. Where is this adventure going to be taking the cast and fans alongside them?

Well, we're really putting our new party through a baptism of fire. They have converged, all with their own mysterious motivations, on the city of Ecanus, which is, in essence, a police state run by mages. They're rendezvousing with a defector from the undead nation of Geb to receive priceless information, and, uh, let's just say things do not go as planned. If they get out of Ecanus alive, they have to trek across the mana wastes of the Spellscar Desert and the cold heart of Geb itself to complete their mission. Paizo of course has been making sure everything in the book is canonical and game-accurate, and I got to see Impossible Lands in manuscript, which goes into detail on Nex (the country Ecanus is in) and Geb.

Joining your party of sorts in creating this book is artist Eman Casallo, what are you most looking forward to him bringing to the page from your script?

Eman is fantastic at drawing expressions

and acting, the most valued comics art skill to me. We think you're going to fall in love with these characters as much as the original party of Iconics, and much of that will be because of what Eman brings to their expressions, their struggles, and, of course, the petty bickering that is part and parcel of any adventuring group...!

Just when you thought it was safe to go back into the comic shop...

For over three decades, Madballs and GPK have both been known as the "grossest of the gross," co-ruling counterculture with their pun-heavy names and subversive humor. This all-new limited series event features the first time these two delightfully crude forces have ever met!

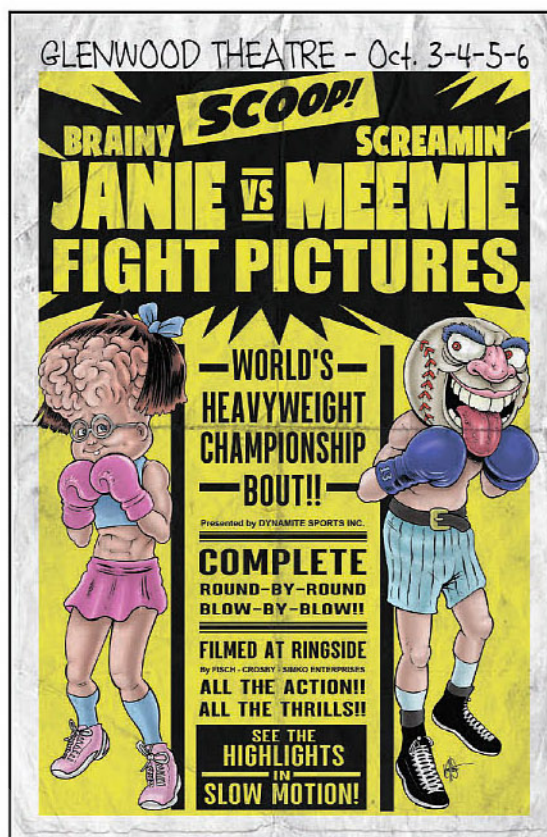

Your freaky favorites, the Madballs and Garbage Pail Kids, are at it again. But this time, the chaos can't be confined to a single neighborhood as we trace the entire history of Madballs-GPK feud — bursting (and oozing) out across the ages!

In this final issue: The space race is on — in a flurry of slingshots, fireworks, and giant bat wings, as the Madballs and GPK take to the skies in a mad dash to beat each other to the Moon! Plus: In the far future, Earth is a high-tech utopia where peace reigns and everything is in its place. That is, until archaeologists uncover the still-feuding Madballs and GPK — who bring a much-needed bit of anarchy to an all-too-quiet-and-predictable world.

Written by Sholly Fisch, each issue features three incredible covers: Legendary Garbage Pail Kids artist Joe Simko, series artist Jason Crosby and a special Ken Haeser Vintage Fight Poster, created especially for this momentous meeting of the (depraved) minds!

For the first time ever, the "heavyweights of gross" have combined forces in a massive merchandising blitz that pits the Madballs against the Garbage Pail Kids—winner take all! As part of this blitz, Dynamite presents the comic book crossover of these iconic 1980s brands!

For over three decades, Madballs and GPK have both been known as the "grossest of the gross," co-ruling counterculture with their pun-heavy names and subversive humor. This all-new limited series event presents the first time these two delightfully crude forces have ever crossed paths!

This is it! The big finish! The culmination of three miniseries! The ol' apocalypse is here!

Wait a second, the apocalypse?!

Yes — turns out you can't exactly have a war of the gods without a little ragnarok...and Purgatori's technically a god now. Is there a way out of this that doesn't destroy the world? Is Purgatori just going to kill everyone? Maybe!

PRAISE FOR ANIMAL CASTLE

"It's worth mentioning that perhaps the most striking thing about this comic is its timing. With real life headlines telling us of Putin's unjust war against Ukraine and the bravery of average Ukrainian citizens as they fight back against Russia's presidential dictator, what better time could there be for a comic like Animal Castle?" —FRANKIESCOMICS.COM

"Writer Xavier Dorison and artist Felix Delep have crafted a powerful and different look and direction for this Orwell inspired book." —GEEKVIBESNATION.COM

"Irresistibly intriguing, ceaselessly charming and morally interesting, Animal Castle is an adult fable worth reading." —COMICBOOKYETI.COM

"Blending animal fantasy with tense political thriller, this series is likely to draw fans of both." —PUBLISHERS WEEKLY

On the Farm all animals were equal. In the Castle some are more equal than others.

Animal Castle Vol. 2 picks up shortly after the events of Vol. 1 with Miss B trying to convince the animals not to give in to violence, in order to put an end to Silvio's reign...

At the castle, the dictatorship continues. Thanks to the efforts of Miss B and her friends, the animals attempt to remobilize the pacifist movement of the Daisies. But Silvio the bull dictator is trying to keep them under his hoof to keep his power. Helped by his cruel canine militia, he decides to have the rebellious animals imprisoned in the dungeon. But Miss B and her friends will respond once again with trickery...and solidarity!

CENTAURS VOL. 1

WRITER/ARTIST: RYO SUMIYOSHI

SOFTCOVER | 180 PAGES | BLACK AND WHITE |
13 AND UP | MANGA. FANTASY | \$12.99

An epic fantasy adventure set in an alternate medieval Japan, where humans co-exist with the mythic half man/half horse beasts known as centaurs, or "jinba". The centaur race were long revered as deities in ancient times; however, with the advent of the sengoku (warring states) period, humans started to enslave and use them for military purposes due to their speed, stamina, and ability to communicate in human language. Centaurs living in the plains were rapidly subjugated; in contrast, large numbers of centaurs living deep in the mountains were still free due to their relative isolation.

A wild and proud warrior jinba from the mountains named Matsukaze, known as the redheaded rock tiger, is caught while protecting his son. He is traded to a feudal lord, and taken to his land. There he meets another centaur, named Kohibari, whose village was burned down as a child. He is a tame centaur, who had his arms amputated when he was captured, and has given up hope of escaping his human captors. If they can get over their differences and work together, they just might be able to return to the wilds as free centaurs.

PRaise FOR H.P. LOVECRAFT

"I think it is beyond doubt that H. P. Lovecraft has yet to be surpassed as the twentieth century's greatest practitioner of the classic horror tale." —STEPHEN KING

"If one author truly represents the very best in American literary horror, it is H. P. Lovecraft." —JOHN CARPENTER, DIRECTOR OF HALLOWEEN, FOG, AND THE THING

"Lovecraft is a resonating wave
He's Rock and Roll." —NEIL GAIMAN

"Aa-shanta 'nygh! You are off! Send back earth's gods to their haunts on unknown Kadath, and pray to all space that you may never meet me in my thousand other forms... for I am Nyarlathotep, the Crawling Chaos!"

Randolph Carter, a traveler to dreamland, tries not to wake up before reaching his goal, the elusive Kadath: the home of the gods, a place of fantasy and overflowing imagination. Carter walks through a world full of threats and abominable monsters, but also of palaces, exuberant cities, and geographies that remind man of his insignificant role on the gigantic cosmic chessboard.

What are the reasons to keep going when everything around us is terrifying and lethal? Kadath may offer some answers to this question!

An adaptation of H.P. Lovecraft's *The Dream-Quest of Unknown Kadath* unlike anything you've read before. Collects the complete 8 issue series, plus cover gallery, bonus material, and the original prose story.

(W) Ollie Hicks (A) Emma Oosterhous

In this queer graphic novel that's equal parts romance, softball, and magical girl drama, Mickey Monsoon is the hotshot pitcher for the Belle City Broads, and their team is poised to sweep the league this season. But Micky is thrown off their game when Astra Maxima shows up to catch for the Gaiety Gals, the Broads' fiercest rival. Years ago Mickey and Astra were best friends... and maybe more. That was, until Astra unceremoniously dumped Mickey to become a softball wunderkind at a private girl's school in Switzerland. Now, Astra is flirty, arrogant, and reckless on the field—everything the rule-abiding Mickey hates. Astra thinks Mickey's cute and wants to fool around, even despite their rocky history and the trail of jilted softballers that Astra leaves in her wake. Too bad the only thing Mickey wants is vengeance for their broken heart and wounded pride! Full of wet mitts, hard hits, and a bevy of softball-playing babes, *Grand Slam Romance: Book 1* is a flawless home run that is sure to knock readers out of the park. (STL263411) (C: 0-1-0)

PET PEEVES GN

(W/A) Nicole Goux
In this horror graphic novel, the new dog that aspiring musician Bobbie has adopted is cute, but also stealing her life. Bobbie's life is going nowhere fast. She's working at a bar, wanting to play music but never having the time or energy. The only bright spot is her dog—always cheerful, always cuddly, and always there for her. As the relentless day-in, day-out of work piles up, music and roommates and social plans begin to seem less and less important as Bobbie struggles to make rent and have any time to be creative. The only thing she has time for outside her job is her dog... and her dog is going to do everything he can to keep

it that way. This debut solo graphic novel from breakout author Nicole Goux explores the struggles of a young artist, haunted not only by debt and society, but by more sinister (though adorable) canine forces. (STL265175) (C: 0-1-1) SC, 6x10, 104pgs..... \$16.95

BLACK TIDE RISING VOLUME 1 GN

(W) John Ringo, Chuck Dixon
(A) Derlis Santacruz
The media calls it the Pacific Flu. The CDC calls it H7D3, and it spreads like wildfire. The virus combines the worst symptoms of Rabies and the common Flu, and is suspected to be man-made. The first reports of feral, cannibalistic "zombie-like" symptoms were met with disbelief and skeptical amusement, but nobody's laughing now. Scientists, backed by the world's governments and its wealthiest institutions, race against the clock to develop a cure as infections rise and cities fall. A glimmer of hope appears as a vaccine is discovered, but its production requires harvesting the spinal tissue of the infected, a grim task that tests the limits of human morality. In the first days

of the outbreak, a college history professor receives a cryptic warning from a trusted source. Its baffling, yet unmistakable message translates as: "PACK UP, GET OUT, AND GO NOW!" Steve Smith and his family don't waste any time; they leave their normal, comfortable lives behind to get ahead of the inevitable panic and survive the end of the world! (STL263676) (C: 0-1-0)

IMPOSSIBLE PEOPLE GN (W/A/CA) Julia Wertz

In her keenly observed graphic memoir, celebrated cartoonist Julia Wertz chronicles her haphazard attempts at sobriety and the relentlessly challenging, surprisingly funny, and occasionally absurd cycle of addiction and recovery. Opening at the culmination of a disastrous trip to Puerto Rico, Julia stands stupefied in the middle of the jungle beside a rental Jeep she's just crashed. From this moment, the story flashes back to the beginning of her five-year journey towards sobriety that includes group therapy sessions, relapses, an ill-fated relationship, terrible dates, and an unceremonious eviction from her New York City apartment. *Impossible People* portrays the lesser told but more common story of addiction: That the road to recovery is not always linear. From **MARIA LLOVET** (*Faithless*, *Luna*, *LOUD*) and **PATRICK KINDLON** (*Antioch*, *Frontiersman*, *Nobody Is In Control*): Celebrity-socialite Reno Selleti doesn't believe in very much beyond Instagram comments, hipster drugs, and the flash of paparazzi cameras, so when a friend invites her to an EYES WIDE SHUT-type party she goes along mostly for the lulz. But the joke doesn't feel as funny when she realizes it's an actual occult ritual, and suddenly she's seeing things... horrifying apparitions trying to warn her. "RUN."

That story concept launched Reno into 2017's beloved erotic-horror series *THERE'S NOTHING THERE*, and it also launched Maria Llovet and Patrick Kindlon into the American comics market.

Now, five years later, Llovet and Kindlon are returning to the world of *THERE'S NOTHING THERE* with new collaborators **Valentina Pinti** (*Buffy the Vampire Slayer*), **Simone Sellecchia**, **Andy Duggan** (*Star Wars*), and **Kelsi Jo Silva** (*Thirsty*), and cover artist **Duski Loveless** for *DON'T AVERT YOUR EYES*, a brand new story set in a strange world of high fashion, low morals, and demonic dementia.

Now rid of Prince John's henchman, William, Marian and their friends are finally free to relax a little. Their respite is short, however. A judge known for his integrity and doggedness has been dispatched to Nottingham by the regent to investigate the recent trouble, and from the town's very bowels, drawn by the rumors about the theft of the royal treasure, another gang of brigands emerges, their hearts and intentions far less pure than those of the "Merry Men" allied with the Hood... 83 DAYS IN MARIUPOL: A WAR DIARY GN

(W/A) Don Brown

A city ruined. In once quiet residential streets, two armies battle, driving people into cellars and basements with little food or water. No lights or heat. Dwindling medical supplies. Shells and bullets deliver cruel, random death to the young and old, men, women, and children. This is Mariupol, a Ukrainian city and early target of Russia's invasion of Ukraine. The coastal city seemed doomed to a defeat that would come within days, if not hours. Could Mariupol, and Ukraine, survive? As Russian rockets threatened the city, Ukrainians resisted, and with a heroic combination of sacrifice and bravery, the besieged city endured... for months. But it all came at a steep cost. With compassion and his keen journalist's eye, Sibert Honor creator Don Brown illuminates the horrors of Mariupol and the depredations of its people not seen in the city since World War II. FAIREST OF ALL: A VILLAINS GN

(W) Serena Valentino
(A) Fiona Marchbank

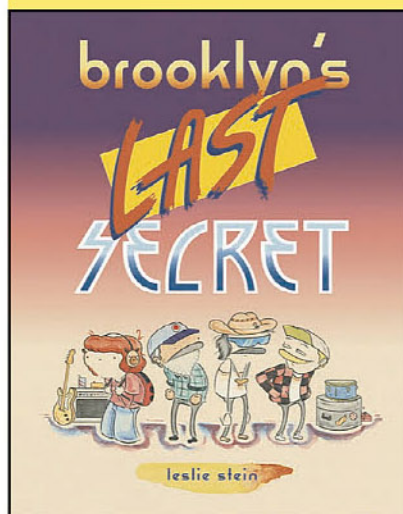

Disney's *New York Times*-best-selling *Villains* series comes to life in this graphic novel adaptation of the book that started it all! The tale of the young princess, Snow White, and her evil stepmother, the Wicked Queen, is widely known—the Queen was jealous of the girl's beauty, and this jealousy culminated in the Queen's attempt on the sweet, naive girl's life. But what caused the Queen to become so, well, wicked? Perhaps the Queen hated her stepdaughter for her resemblance to the King's first wife. Perhaps she resented the girl for her beauty. Could the Queen simply have been born that cruel? Or does it have to do with a mysterious mirror, gifted to her upon her wedding and swirling with dark magic? And who is the man in the mirror? Is he the reason for the Queen's downfall? (STL264915) (C: 0-1-0)

Tom Gauld has created countless iconic strips for the *Guardian* over the course of his illustrious career. Gauld's weekly *Guardian* strips embody his trademark British humor, while simulta-

neously opening comics to an audience unfamiliar with the artistry that cartooning has to offer. Funny but serious, the *Guardian* comics allow Gauld to put his impressive knowledge of history, literature, and pop culture on full display, his impeccable timing, and distinctive visual style setting him apart from the rest. THE LEAGUE OF SUPER FEMINISTS HC

(W/A/CA) Mirion Malle

The League of Super Feminists is an energetic and fierce comic for tweens and younger teens. Cartoonist Mirion Malle guides readers through some of the central tenets of feminism and media literacy including consent, intersectionality, privilege, body image, inclusivity and more; all demystified in the form of a witty, down-to-earth dialogue that encourages questioning the stories we're told about identity. Malle's insightful and humorous comics transport lofty concepts from the ivory tower to the eternally safer space of open discussion. Making reference to the Bechdel test in film and Peggy McIntosh's dissection of white privilege through the metaphor of the "invisible knapsack," *The League of Super Feminists* is an asset to the classroom, library, and household alike. A fast-paced memoir about diners, drugs, and California in the 1970s. *Over Easy* is equal parts time capsule of late 1970s life in California — with its dead-heads, punks, disco rollers, casual sex and drug use — and bildungsroman of a young woman from naïve, sexually inexperienced art-school dropout to self-aware, self-confident artist. Mimi Pond's chatty, slyly observant anecdotes create a compelling portrait of a distinct moment in time. *Over Easy* is an immediate, limber, and precise memoir narrated with an eye for the humor in every situation. MAKE ME A WOMAN HC

(W/A/CA) Vanessa Davis

It's easy to understand why Vanessa Davis has taken the comic industry by storm: her comics are pure chutzpah, gorgeously illustrated in watercolors. No story is too painful to tell — like how much she enjoyed fat camp; Nor too off limits — like her critique of R. Crumb; Nor too personal — like her stories of growing up Jewish in Florida. Using her sweet-but-biting wit, Davis effortlessly carves out a wholly original and refreshing niche in two well-worn territories: autobio comics and the Jewish identity. Davis draws strips from her daily diary often centering on her relationships with men, her mother, and eventually her long-time boyfriend. (STK423641)

MELODY: THE STORY OF A NUDE DANCER GN

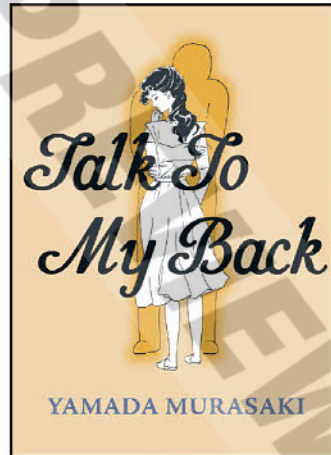

(W/A/CA) Sylvie Rancourt

In 1980, Sylvie Rancourt and her boyfriend moved to Montreal from rural Northern Quebec. With limited formal education or training, they had a hard time finding employment, so Sylvie began dancing in strip clubs. These experiences formed the backbone of the first Canadian autobiographical comic book, *Melody*, which Rancourt wrote, drew, and distributed. The Rancourt drawn-and-written comics have never before seen English publication. These stories are compelling without ever being voyeuristic or self-pitying. Rancourt shares a world that, in someone else's writing, might be scandalous or seedy, but in hers is fully realized, real, and often funny. (STK678928)

In time for Asian American and Pacific
Islander Heritage Month as well as Jewish
American Heritage Month, fan-favorite
series **INTERTWINED** is back with a
76 page special dedicated to the only
Asian Jewish character in comics:
the new **Spirit of Water!**

After the events of the original **INTERTWINED**
series, Leah Ai Tian's life has changed
drastically. She's been dragged in Juan Jin's
adventures with the Spirits of WuXing against
her will and Lady Xia passed on the mantle of
Champion of the Water Element to her right
before she was murdered. Now, Leah fights
along the Spirits of the Earth, Wood, Fire and
Metal to preserve the balance of the universe
while fully living her Jewish faith. But her past
has come back to haunt her.
Why did she really leave Kaifeng and China?
And what do Mob Lord Yuk-Wong wants to
find her so much that he sent his goons all
the way to Chinatown New York to find her?

**INTERTWINED: THE LAST JEWISH
DAUGHTER OF KAIFENG#1** is a fast paced
supernatural action adventure tale dealing
with deep real life issues: the meaning of
faith in a country that, at that time, doesn't
recognize Judaism as a religion, the condition
of women in the early 1970s and
freedom of choice.

ANAÏS NIN: A SEA OF LIES

by Leonie Bischoff

\$29.99 / HC / 200 pgs / Full-color / 8.25" x 11"

This prize-winning, impressionistic graphic biography traces the life, the affairs, and the artistic process of Anaïs Nin, one of the best-known authors of women's erotica in the 1920s and '30s and patron saint of taboo-breaking sexual iconoclasts. The cartoonist Léonie Bischoff begins with Nin living with in the Parisian suburbs. Soon, Nin's obsession with June Miller leads her to recount her many sexual liaisons, including those with Henry Miller (*Tropic of Cancer*), her psychoanalysts, and even her father. Although Bischoff's drawing is largely representational, she occasionally depicts Nin's sexual experiences in scenes as surreal as Nin's own written portrayal of them.

LISTEN, BEAUTIFUL MÁRCIA

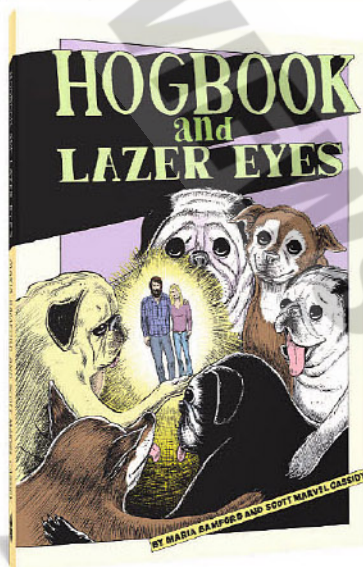

By Marcello Quintanilha

\$29.99 / HC / 128 pgs / Full-color / 9.25" x 12"

Marcello Quintanilha's gripping English language debut is a tour de force — a tightly wound drama filled with masterful suspense and a deep love for family and character. Márcia is a nurse who lives with her boyfriend and Jaqueline, her daughter. Jaqueline makes life difficult for her mother, leading to violent altercations between them. The situation degenerates even more when Jaqueline is arrested. This graphic novel about a family pushed to the brink was the 2022 "Fauve d'Or" winner at the 2022 Angoulême Comics Festival.

HOGBOOK AND LAZER EYES

By Maria Bamford and Scott Marvel Cassidy

\$19.99 / HC / 56 pgs / Full-color / 7.75" x 11"

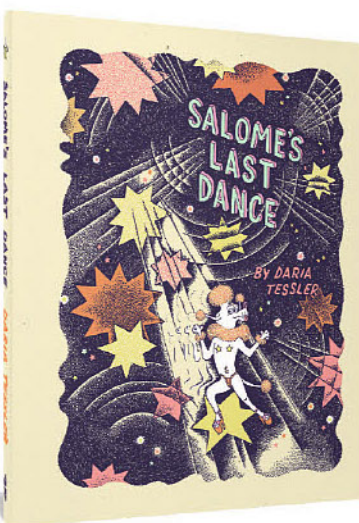

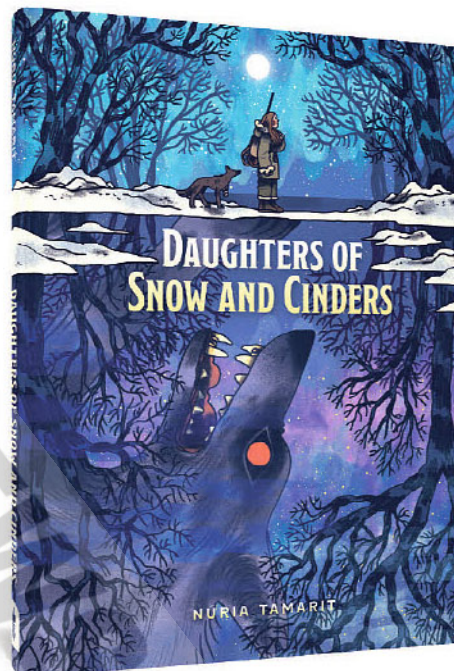

Hogbook and Lazer Eyes is the perfect graphic novel accompaniment to Maria Bamford's acclaimed Netflix series *Lady Dynamite*, depicting her unlikely romance with painter Scott Cassidy. In a twist, the whole charming story is told through the eyes of their adopted rescue dogs. Cassidy's fine art training translates with ease into graphic storytelling, with a naturalistic illustrative style that is a pitch-perfect match for Bamford's comic timing.

DAUGHTERS OF SNOW AND CINDERS

By Nuria Tamarit

\$29.99 / HC / 216 pgs / Full-color / 8.5" x 11.4"

Princess Mononoke meets Jack London in this gritty, ecofeminist adventure. Fleeing the fires of her war-torn homeland, a young woman seeks to rebuild her life. In this lawless land, Joana encounters friends, foes and amidst the icy wilderness, a fearsome fantastical beast lurks in the shadows. The English debut of Spanish cartoonist Núria Tamarit, conjures the natural beauty of the frozen north in vibrant color. A rugged adventure story with two strong young women at its heart, this graphic novel offers a poignant message about the urgent need for humanity to overcome our greed and base impulses to be good stewards of the world in which we live and depend on.

SALOME'S LAST DANCE

By Daria Tessler

\$19.99 / HC / 56 pgs / BW / 8.5" x 11"

Daria Tessler's new graphic novella is an absurdist psychedelic fantasy (including an extended visual tour de force depicting a hallucinogenic tea trip), one that favorably compares to *Yellow Submarine* or the comics of Jim Woodring. Tessler's rich ear for language and sharp sense of humor also liven every inventively stunning page of *Salome's Last Dance*.

MYSTIC DEBRIS

By Justin Gradin

\$39.99 / HC / 156 pgs / Full-color / 8.5" x 10"

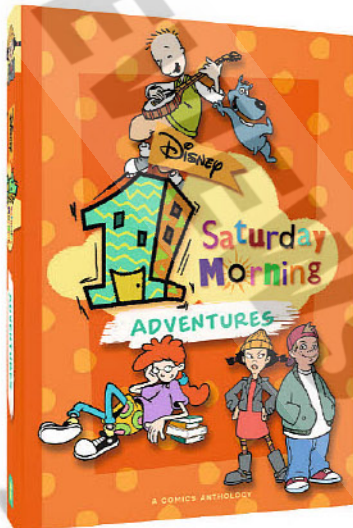

Justin Gradin's stunning debut graphic novel *Mystic Debris* and its cast of quixotics exist in a comics continuum with Gary Panter's *Jimbo*, Mark Beyer's *Amy* and Jordan, and Marc Bell's *Shrimpy* and *Paul*. Whizbang is a metalhead whose band, Fascinator, has left him for stardom. His wife, Planchette, has left with their newborn baby. He leaves himself for a shimmy up the astral projector stripper pole, to hang with cosmic dust bunnies in a quest for enlightenment, or at least in a quest to avoid a job at the door factory.

TEGAN AND SARA VOLUME 1: JUNIOR HIGH GN

(W) Tegan & Sara Quin
(A/CA) Tillie Walden

Before the indie-pop duo Tegan & Sara took the world by storm, Tegan and Sara Quin were identical twins trying to find their place in a new home and new school. From first crushes to the perils of puberty, surviving junior high is something the sisters plan to face side-by-side, just like they always have. But growing up also means growing apart, as Tegan and Sara make different friends and take separate paths to understanding their queerness. For the first time ever, they ask who one sister is without the other. Set in the present-day, this fictionalized autobiography offers a glimpse at Tegan and Sara before they became icons, exploring their shifting sisterhood, their own experiences coming out, and the first steps of their musical journey. A prequel of sorts to their *New York Times*-bestselling adult memoir *High School*, it's the story of the people they are now, and how so many of the trials they faced in their youth not only brought them to music stardom, but to a rock-solid relationship with each other. JOE JUSKO'S ART OF THE 1992 MARVEL MASTERPIECES HC

(W) Michael Friedlander (A/CA) Joe Jusko

Thirty years ago, a trading card series was released that would forever change the nonsport card industry. The 1992 Marvel Masterpieces. Because of the sheer popularity of this series, it took an unprecedented 350,000 boxes to quench the thirst of card collectors worldwide. Nothing like it has been seen before or since. This series would not have become the monumental success that it did, had artist Joe Jusko not produced 104 mind-boggling paintings! Joe literally set the standard for all the Marvel Masterpieces series that were to follow. Each of the 104 paintings have become iconic portrayals of the great Marvel characters, and these cards hold such a special place in the hearts of collectors of all ages—many of whom were young, single-digit or teenaged fans at the time of the series release. It goes without saying that a large art book which highlights the amazing work Joe created is long overdue. The art needs to be presented at a larger-than-trading-card size. This celebratory book will include all 104 of the paintings Joe produced for the original release, as well as the 20 additional paintings created for the four-issue comic collection published the following year. It will also detail the history of the series: how it came to be and the magnitude of attention that it received through numerous promotions. And finally, being published for the first time are Joe's original pencil sketches for each of the 104 trading card paintings! (STL265155) (C: 0-1-1)

A Creator You Should Know: JACK DAVIS

The general public might recognize his style from his covers for *TV Guide* and *Time* or his movie poster and promotional work for such films as *It's a Mad, Mad, Mad, Mad World*, *Viva Max!* and *Kelly's Heroes*, but comic book fans have long known the distinctive art of Jack Davis in a variety of genres. At EC Comics, his horror stories included appearances in *Tales from the Crypt*, *The Haunt of Fear*, *The Vault of Horror*, *Crime SuspensStories*, and *Shock SuspensStories* and later the "Picto-Fiction" series *Terror Illustrated*. His action-adventure work appeared in *Frontline Combat*, *Two-Fisted Tales* and *Piracy*, and his material was also seen in *Incredible Science-Fiction*. As much as he won fans for all of his work (including Westerns for Atlas such as *Rawhide Kid*), though, it was in humor where he defined himself. His work appeared in almost all the early issues of *MAD* (and many later ones, too), all 12 issues of *Panic*, as well as *Trump*, *Humbug*, *Help!* and even *Cracked*.

Feeling completely lost, Claire is soon surrounded by a group of equally messed up, equally hilarious new friends and, with the help of a patient counselor, finds a space to unpack all the bad they've experienced. EARTHDIVERS #7

(W) Stephen Jones
(A) Riccardo Burchielli
(CA) Rafael Albuquerque
Guest artist Riccardo Burchielli (DMZ) joins *Earthdivers*, for a side mission to the Ice Age in the first of a four-issue mini-arc exploring America's pre-Columbian past! When Martin and Tawny's children disappeared, the couple barreled into the desert to track them down at any cost. Instead, they ran afoul of another group of rovers who claimed to be saving the world by traveling through a cave portal to the year 1492 to prevent the creation of America—an idea that defied belief until the grieving parents were lured into the cave and vanished in time and space. Now alone, Tawny must adapt to the wild marshlands of prehistoric Florida, circa 20,000 BCE, and the breathtaking and blood-thirsty megafauna are the least of her problems when she's caught in a war between a community of native Paleo-Indians and an occupying Solutrean force. CHARLES SCHULZ: PEANUTS ARTIST EDITION HC

(W/A/CA) Charles M. Schulz

Charles Schulz's *Peanuts* debuted as what is arguably the most important comic strip of all time in 1950. *Peanuts* transcended the medium, presenting complex issues and moral dilemmas in the space of four panels, while maintaining a bitingly funny sense of humor. Charlie Brown, Lucy Van Pelt, Linus, Schroeder, kite eating tree, the Great Pumpkin, and, of course, Snoopy... all are embedded in our psyches. Now, Schulz's classic creation will be seen in a way as close as possible to the original art created by the artist himself—in IDW's multi-award-winning Artist's Edition format, with each strip being carefully scanned and reproduced. Note: Because of the enormous size Charles Schulz worked, these originals will be reduced in size from the original art. (STK632568)

When the Hale-Bopp soared across the sky in 1997, Amy Rose thought it was the start of an amazing new future. Instead, it brought news of a horrible tragedy at the Heaven's Gate compound just down the road. Amy had always known there was something off about the community she grew up in. She had been forbidden from going to school, or visiting the library because the leader told her that there was no use learning about a world that was about to end. But it was not until the news of the deaths at Heaven's Gate invaded the temple walls that she heard a new word that explained everything: cult. She must risk everything to indulge in secret trips to an abandoned, off-limits library that teaches her everything she was not meant to know. That Gandhi was not a space alien. That *Star Trek* wasn't real. That her community was built on a lie. And most importantly, the banned books give her all the information that she needs to escape. (STL265162) (C: 0-1-1)

CARL BARKS COMICS & STORIES ORIGINAL ART EDITION HC

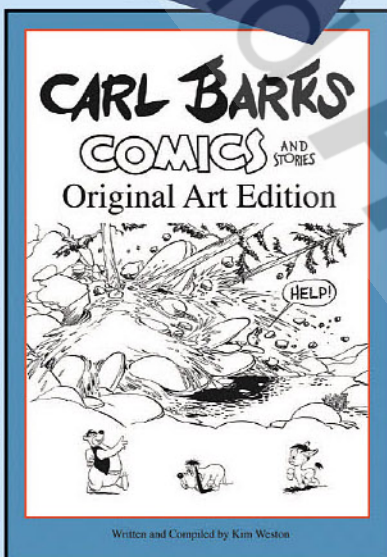

(W) Kim Weston, Carl Barks

(A/CA) Carl Barks

This volume prints 9 complete Carl Barks stories in the original, full size they were originally drawn in glorious black and white. There are 2 Happy Hound (Droopy) stories, 3 Benny Burro solo stories, and 4 stories of the combined Barney Bear and Benny Burro feature. The book measures over 14 inches wide and 20 inches tall and weighs over 5 pounds. Looking at these pages as printed in this book is like looking at the pages fresh from the master's drawing board. Five early stories from 1943 are printed one page to the page in the book page with an image size of about 12.5 by 17.75 inches, the size that Barks drew his original art in 1942 and most of 1943. Beginning in December 1943, Barks started drawing in the larger size of 16 inches by 23.25 inches and continued to draw that size for the rest of his career with only very rare exceptions. These pages are so large that in order to fit them into this already large book, we must print each half page sideways on a single page so that if you turn the book sideways you can see each full page at the size it was drawn. These pages are printed from proofs which are derived from the 7 x 10 inch photo negatives taken of the original art between 1943 and 1947. Looking at the stories in this book really is like looking at pages of Barks' original art because Barks didn't make many mistakes that needed correction in his art. His main use of white ink was not to correct errors, but to delineate details in black on black images or add pie cuts to the ducks' eyes. (STL265531) (C: 0-1-2)

CARL BARKS COMICS & STORIES ORIGINAL ART EDITION

AN APPRECIATION by John Garvin

Most of the "Artist-Edition"-type books are shot from the original art, which is great because you get to see the art at the size the artist drew it and a lot of the process and editorial stuff: pencil lines, paste-ups, editorial notes, white out, etc. So why have an Artist-Edition-type book that isn't shot from the originals, but from proofs, which don't have any of the editorial stuff? Two reasons: *detail and immediacy*, which are both related to the one thing the proofs do you give you: *size*. For this type of book, size is *everything*.

The *Carl Barks Comics & Stories Original Art Edition*, like all the other Artist Editions, reproduces the art at the same size the artist drew it. What this means in terms of detail should be obvious. Barks, like all comic artists, drew for reproduction, meaning he knew that his large originals were going to be shrunk down to the size of a comic book. While this insured that his ink lines would be nice and sharp, it also meant that a lot of detail was going to get lost. And not just because of the newsprint, which doesn't hold ink well, or off-register colors, which could muddy up the page quite a bit. While those didn't help, the biggest culprit was the very act of reducing for reproduction.

A Barks four-tier page is 23 1/4" tall, which gets reduced to 9" for the comic. This is a reduction of 61% in height. In terms of image area it is a reduction of 85 percent. A whole page of Barks art is reduced to just a little bigger than he drew each of the 8 panels on the page. A Half page is smaller than a single panel. You really don't know how big a deal this is (pun intended) until you hold the *Carl Barks Comics & Stories Original Art Edition* in your hands.

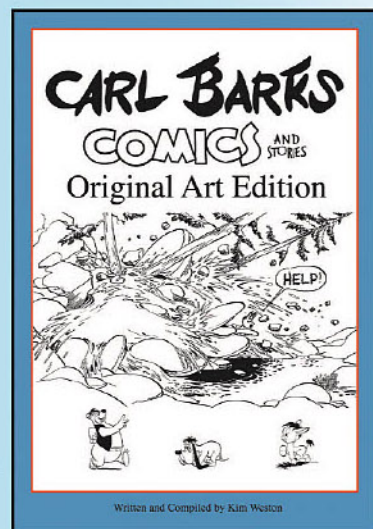

Take the half page of panels from a *Barney Bear and Benny Burro* story on the next page. At the size it was drawn, you can see the details of the ink shading lines in the first panel, the town off in the distance in the third panel, the frenetic activity on the street in the fourth, the subtlety of the character expressions

in the fifth. You can't actually see all that in the half page as reproduced on a sheet of 8.5" x 11" paper, but the big half-page and the little copy of the same half-page show the relative size of the original art and the art as printed in a comic book, but with better quality printing than in a comic book. The large size excerpt of the fifth panel is reproduced in the size it was drawn on the bottom half of the page if the page is viewed at 8.5" x 11" size. The smaller reproduction of the partial panel is the size it was printed in the original comic book.

How much of this do we lose in that 61% reduction? Or 85% reduction depending on how you want to count it? A *lot*...

But it's not just detail we lose, it's the *pen lines*. Which brings me to the idea of *immediacy*. When you're looking at the pages in *Carl Barks Original Art Edition*, you're looking at the art the way Barks did, seeing it the way he saw it while he was inking it. You can almost smell the India ink. You can feel his Esterbrook #356 pen in your hand. Looking at these pages puts you right there in Barks' studio, sitting at his drawing board, slaving over page after page of incredible art. *Pen and ink art*.

Much has been made of Barks' clean-but-expressive line-work. Really, what this means, is he was a master of his craft. Wielding an Esterbrook #356 pen is no easy task. In cartooning, to create expressive characters you have to know when to thicken your line, when to use a lighter touch; when to connect

BARNEY HAS PERSUADED BENNY TO SET OUT WITH HIM TO SEE THE WILD WEST, BUT ALL IS GOING BADLY—BARNEY DIDN'T BRING ANYTHING TO EAT, OR MONEY TO BUY ANYTHING TO EAT, OR A ROAD MAP TO GUIDE THEM TO ANYTHING TO EAT! THEY'D GLADLY GO HOME, BUT THEY DON'T KNOW THE WAY—BARNEY DIDN'T BRING A COMPASS!

LEAVE IT TO ME! I'LL GET US OUTA THIS JAM!

HERE'S A TRAIL—MAYBE IT GOES SOMEWHERE!

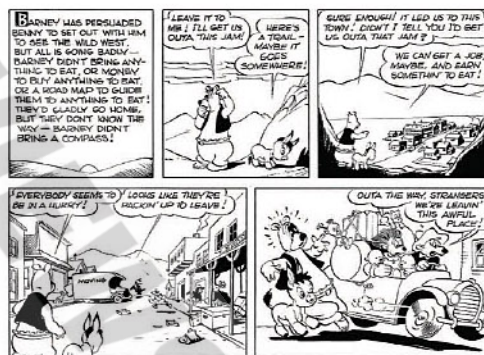

SURE ENOUGH! IT LED US TO THIS TOWN! DIDN'T I TELL YOU I'D GET US OUTA THAT JAM?

WE CAN GET A JOB, MAYBE, AND EARN SOMETHIN' TO EAT!

EVERYBODY SEEMS TO BE IN A HURRY!

LOOKS LIKE THEY'RE PACKIN' UP TO LEAVE!

OUTA THE WAY, STRANGERS! WE'RE LEAVIN' THIS AWFUL PLACE!

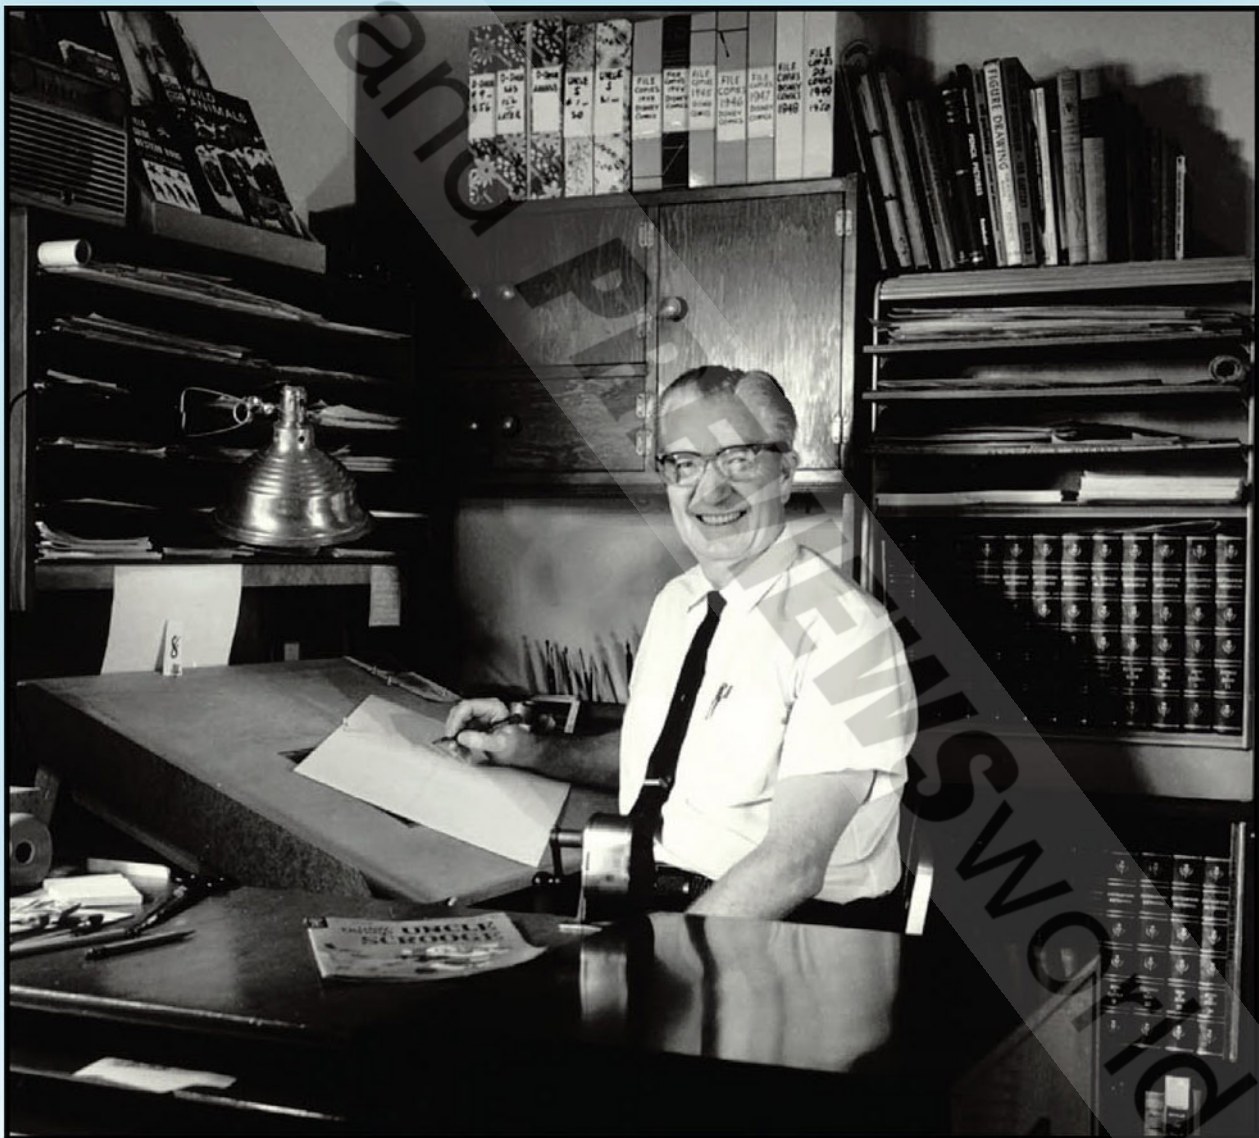

the lines or leave them; when to spot blacks or leave the space empty. Using the same pen, you draw things to look organic or mechanical, straight or curved, heavy or light, stationary or moving fast. Some of this is in the pencil drawing, of course. But much is in the expressive ink work, which when reduced by 61%, is mostly lost. The lines still do their job - you can see the characters and actions quite clearly. But the *art* of the ink line is gone.

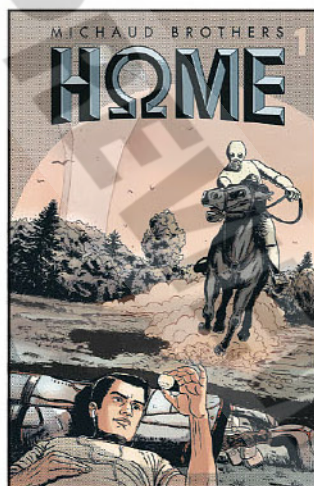

In the example on the bottom of the previous page, just look at the way Barks uses thick and thin in his line

work to make the characters come alive. Hands and arms and faces have a flow to them that makes them jump off the page. This is the mature work of a man who has drawn and inked hundreds if not thousands of pages by this time. This is the work of an artist.

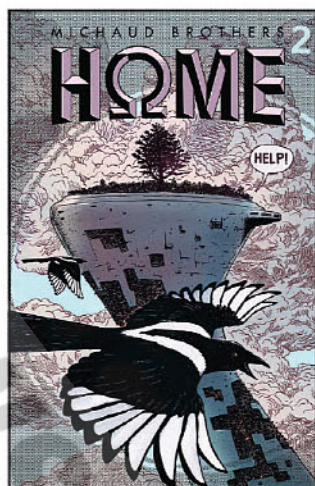

And that, more than anything, is what the *Carl Barks Comics & Stories Original Art Edition* celebrates: Carl Barks as a master craftsman. Yes, the storytelling is still there, and the layouts, and the composition and all that Barks is famous for. But only in a book like this can you appreciate his ink art, in all its life-size glory.

John Garvin was a friend of Carl Barks and studied painting with him. Several years ago he published *Carl Barks Paintings and Drawings: 1966-1971*, which collects the paintings by Barks before he started painting Ducks. He had earlier published several other books including *After Carl Barks: Painting Fine-Art Cartoons in Oils*, a book analyzing Barks' painting and progression as an artist, as well as recounting his own studies with Barks. Redfield was actually *New Yorker* cartoonist and future *Danny and the Dinosaur* author Syd Hoff. Scorning what he saw as the complicity and stale yucks of cartooning peers like Peter Arno, Hoff set his sights on the rich and powerful and revealed them for what they were: hilariously inept, deeply selfish, and incredibly dangerous. From the mind's eye of master storyteller Cullen Bunn (*The Sixth Gun*, *Basilisk*) and rising star Arjuna Susini (*Made Men*) comes a darkly glamorous tale of bone-splintering terror at the intersection of shadow and light... dream and nightmare... life and the grim specter of Death himself.

After weeks of grueling rehearsals, a new production is set to begin at the famed Requiem theatre: *Razide's Lament*, three acts of gothic horror set inside a haunted castle with a story that some say is more than mere fantasy. Under the stern rule of a dedicated but temperamental director, the script seems to be ever-changing, and, more mysterious still, our lead actress has found herself cast in the role of a lifetime without so much as an audition.

WRITER/ARTIST/COVER TIITU TAKALO

In *Memento Mori*, celebrated Finnish graphic novelist Tiitu Takalo chronicles her sudden, unexpected cerebral hemorrhage and the long road to recovery she had to travel.

It is a dramatic story about a life turned upside down overnight: a ruptured cerebral aneurysm, the days and nights spent in an intensive care unit, and the long, painful recovery that led the artist to reflect on her life both past and present.

Much more than a story of survival, *Memento Mori* is a philosophical and psychological journey told with exceptional honesty and compassion. A deeply moving and insightful graphic novel from a master of the medium that is also ultimately a celebration of life.

Life is hard enough, but an overzealous mining company, PERCH, wants to get their claws on this new underground frontier. And they won't hesitate to bulldoze any sewerfolk that get in their way.

BLOOD OF THE VIRGIN HC

(W/A/CA) Sammy Harkham
Set in and around 1971 in Los Angeles, *Blood of the Virgin* follows an immigrant film editor named Seymour who is desperate to make his own movies. Without money or clout, he has no choice but to spend his days slumming it for the worst and most exploitative production company in town. When Seymour is given the chance to make a film of his own, his unbending principles and relentless drive violently clash with an industry that rewards everything but these traits.

As Seymour's blind ambition pushes the movie along, his home life grows increasingly fraught. Using the film's production as a means to spiral out into time and space, Harkham creates an epic novel that explores the intersection of parenthood, 20th-century America, sex, the immigrant experience, and the era of grindhouse movies. Like a kaleidoscope, *Blood of the Virgin* shifts and evolves with each frame, allowing the reader to zoom out and see that at its core, this book is about the making of a man. (W) Tim Lebbon

On the planet Tython, the ancient Je'daii order was founded. And at the feet of its wise Masters, Lanoree Brock learned the mysteries and methods of the Force—and found her calling as one of its most powerful disciples. But as strongly as the Force flowed within Lanoree and her parents, it remained absent in her brother, who grew to despise and shun the Je'daii, and whose training in its ancient ways ended in tragedy. Now, from her solitary life as a Ranger keeping order across the galaxy, Lanoree has been summoned by the Je'daii Council on a matter of utmost urgency. The leader of a fanatical cult, obsessed with traveling beyond the reaches of known space, is bent on opening a cosmic gateway using dreaded dark matter as the key—risking a cataclysmic reaction that will consume the entire star system. A staggering revelation makes clear why she was chosen: The brilliant, dangerous madman she must track down and stop at any cost is the brother whose death she has long grieved—and whose life she must now fear. DESEGREGATING COMICS: DEBATING BLACKNESS IN GOLDEN AGE COMICS SC

(W) Qiana Whitted

Some comics fans view the industry's Golden Age (1930s-1950s) as a challenging time when it comes to representations of race, an era when the few black characters appeared as brutal savages, devious witch doctors, or unintelligible minstrels. *Desegregating Comics* assembles a team of leading scholars to explore how debates about the representation of blackness shaped both the production and reception of Golden Age comics. Some essays showcase rare titles like *Negro Romance* and consider the formal innovations introduced by black comics creators like Matt Baker and Alvin Hollingsworth, while others examine the treatment of race in the work of such canonical cartoonists as George Herriman and Will Eisner. Golden Age comics artists, writers, editors, distributors, and readers engaged in heated negotiations over how blackness should be portrayed, and the outcomes of those debates continue to shape popular culture today. GEORGE'S RUN: A WRITER'S JOURNEY THROUGH THE TWILIGHT ZONE GN

(W/A) Henry Chamberlain

George Clayton Johnson was an up-and-coming short story writer who broke into Hollywood in a big way when he co-wrote the screenplay for *Ocean's Eleven*. More legendary works followed, including *Logan's Run* and classic scripts for shows like *The Twilight Zone* and *Star Trek*. Late in life, Johnson befriended comics journalist and artist Henry Chamberlain, and the two had long chats about his amazing life and career. Now Chamberlain pays tribute to his late friend in the graphic novel *George's Run*, which brings Johnson's creative milieu to life in vividly illustrated color panels. The result feels

As war approaches and her contact with Howard is broken, it becomes clear to Irmina that prosperity will only be possible through the betrayal of her ideals. JAMES BOND ARCHIVES: NO TIME TO DIE EDITION HC

"Bond, James Bond." Since Sean Connery uttered those immortal words in 1962, the most dashing secret agent in the history of cinema has been charming and thrilling audiences worldwide. EON Productions opened their archives of photos, designs, storyboards, and production materials to editor Paul Duncan, who spent two years researching over one million images and 100 filing cabinets of documentation. The result is the most complete account of the making of the series, covering every James Bond film ever made, beginning with *Dr. No* (1962) and ending with *No Time To Die* (2021), including the spoof *Casino Royale* (1967) and *Never Say Never Again* (1983). The updated edition includes exclusive photography and new interviews with Daniel Craig, director Cary Fukunaga, producers Michael G. Wilson and Barbara Broccoli, and many others, revealing the full story behind the making of the emotionally charged *No Time To Die*. (STL263524) (C: 0-1-1)

**STAR WARS ARCHIVES
EPISODES I-III
1999-2005
40TH-ANNIVERSARY HC**
From the moment Star Wars burst onto the screen in 1977, audiences have been in equal parts fascinated and appalled by the half-man/half-machine hybrid Darth Vader. In 1999, creator George Lucas began the story of how Anakin Skywalker grew up to train as a Jedi under Obi-Wan Kenobi, found love with the Queen of Naboo, Padmé Amidala, before turning to the dark side of his nature and becoming more machine than man. Made with the full cooperation of George Lucas and Lucasfilm, this second volume covers the making of the prequel trilogy—*Episode I The Phantom Menace*, *Episode II*

Attack of the Clones, and *Episode III Revenge of the Sith*—and features exclusive interviews with Lucas and his collaborators. The book is profusely illustrated with script pages, production documents, concept art, storyboards, on-set photography, stills, and posters. (STL264736) (C: 0-1-1)

But the Devil is not about to let them keep using his powers for good. Created by Satan himself to counter the Quintet, the Shadow Society are five saintly men and women that have been secretly (and strategically) possessed by five of Hell's most powerful demons. MARVEL COMICS IN THE 1960S SC

(A) Jack Kirby, Steve Ditko

After being relegated to the realm of children's literature for the first 25 years of its history, the comic book industry experienced an unexpected flowering in the early 1960s. A celebration of that emergence, *Marvel Comics in the 1960s: An Issue-by-Issue Field Guide to a Pop Culture Phenomenon* takes the reader from the legendary company's first fumbling beginnings as helmed by savvy editor/writer Stan Lee (aided by such artists as Jack Kirby and Steve Ditko), to the full maturity of its wild, colorful, offbeat grandiosity. OLD GODS & NEW: A COMPANION TO JACK KIRBY'S FOURTH WORLD TP (JKC#80)

Spanning the pages of four different comics starting in 1970 (*New Gods*, *Forever People*, *Mister Miracle*, and *Jimmy Olsen*), Jack Kirby's sprawling "Epic for our times" was cut short mid-stream, leaving fans wondering how Jack would've resolved the confrontation between evil Darkseid of Apokolips and his son Orion of New Genesis. This companion to that "Fourth World" series looks back at Jack Kirby's own words, as well as those of assistants Mark Evanier and Steve Sherman, inker Mike Royer, and publisher Carmine Infantino, to determine how it came about, where it was going, and how Kirby would've ended it before it was prematurely cancelled by DC Comics. DAMNATION DIARIES GN

(W/A) Peter Rostovsky

Hell can get you down. It's big, hot, often painful, and a hard place to get creative projects done. But something else is bothering inmate PKR354—something beyond the unrelenting and often absurd torture routines, the demons, or the tormenting trio of his mother, father, and girlfriend also consigned to the Underworld. Luckily there's help: Fred Greenberg—Hell's only psychotherapist. With Fred's stoic and perceptive guidance, the "talking cure" proves productive. That is until a dastardly terrorist act by a mysterious faction threatens the very nature of the Underworld. Combining Dante, Douglas Adams, and Freud, *Damnation Diaries* is equal parts horror comedy and character-driven drama, uniquely merging the look of bronze-age comics with sharp literary satire. THE NORTH VALLEY GRIMOIRE #1

Writer: **BLAKE NORTHCOTT**

Artist: **GIUSEPPE CAFARO** (*Suicide Squad*)

Price: \$3.99

RELEASE DATE: **MAY. 17th**

PGS: **32** RATING: **MATURE**

GENRE: **FANTASY/ACTION**

NEW SERIES!

SPYCRAFT MEETS SPELLCRAFT in North Valley: a slick, *James Bond*-style adventure fused with the supernatural suspense of *The Magicians*.

In this thrilling debut, a CIA black-ops division clandestinely hunts – and eliminates – the most dangerous threat in history: **MAGICK**.

On a routine assignment, Agent Malek discovers a grimoire more powerful than a nuclear weapon ... but when **The Agency** wants to recover the spellbook instead of destroy it, he begins to question their endgame.

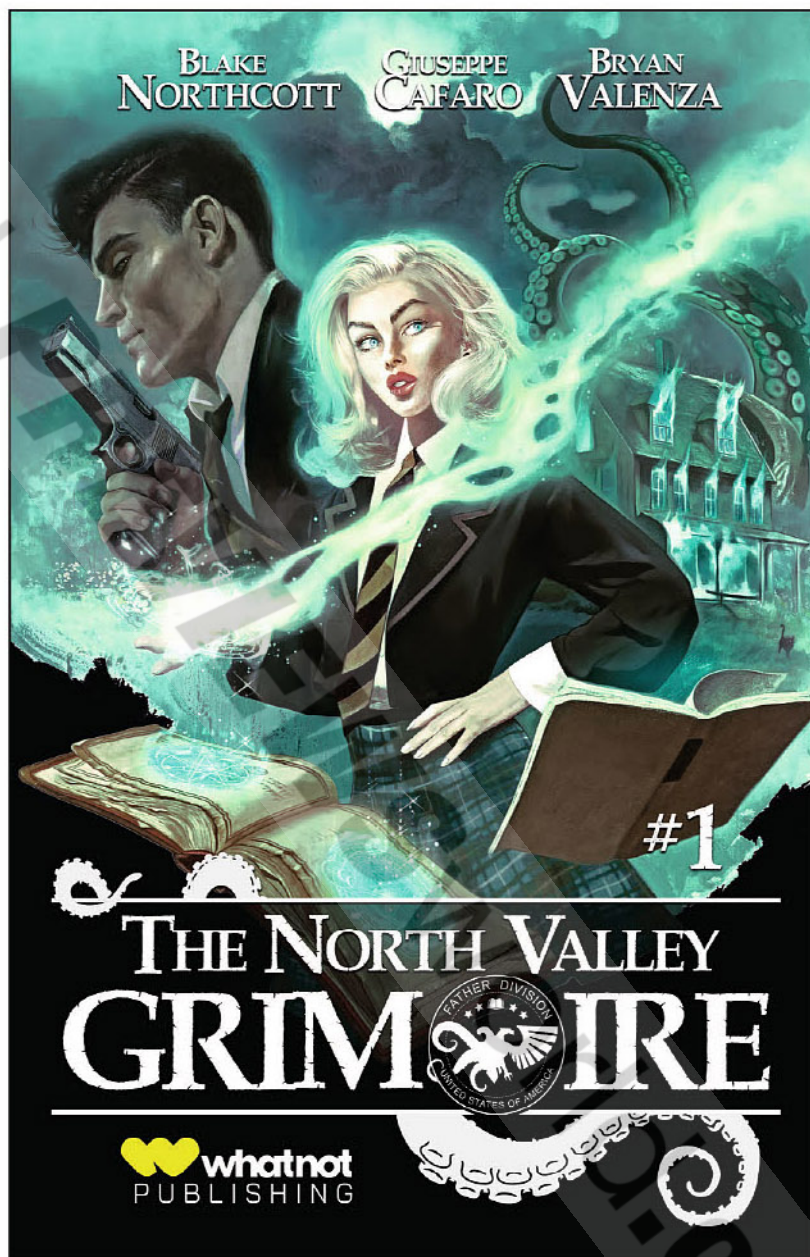

Written by bestselling author Blake Northcott (*Catwoman*) with art by Giuseppe Cafaro (*Suicide Squad*), *The North Valley Grimoire* is an enchanted tale of espionage like none other.

Fay Dalton is the artist behind the glamorous illustrations on *Ian Fleming's 007* (*Hard Case Crime*). Her iconic style amplifies the classic spycraft at the heart of **THE NORTH VALLEY GRIMOIRE**.

"I love this book. Blake Northcott has seamlessly shifted genres and proven she's as masterful in magic and fantasy as she was in science-fiction."

Megumi & Tsugumi, Volume 2

Story and Art by Mitsuru SI

Tsugumi—an atypical omega and tough guy—insists he can control his heat through sheer willpower. Megumi, on the other hand, is a rather straitlaced alpha delinquent. When they meet ready to brawl, Megumi falls hard and fast! The two start dating and even sleep together during Tsugumi's heat, but the alpha can't help noticing this hot-tempered omega is still not opening up to him—perhaps because the oblivious Tsugumi is bewildered by Megumi's advances! Not quite getting this whole love thing, Tsugumi decides the only way to deal with his confusion is to get rid of it—and Megumi too—with the help of his trusty lead pipe!
